ALLEGED SLAYER AVERS CARRANZA KILLED HIMSELF

DEMAND THAT ALLEGED ASSASSIN FACE MURDER CHARGE
IS FOLLOWED BY DENIAL OF GUILT

HUERTA IS NEW CHIEFTAIN

Mexican Congress Elects Provisional President—Thousands See Carranza's Body Interred in Cemetery for the Poor

(By Ralph H. Turner)
By United Press Leased Wire
Mexico City.—General Alvaro Obregon, commander of the revolutionary forces, today commanded Rodolfo Herrero to surrender and answer to a charge of assassinating Venustiano Carranza, former president of the republic. Obregon declared a clear case of treachery has been proven.

The order followed Herrero's offer to come to Mexico City, if given assurance of security and give evidence which he claimed would prove that Carranza died at his own hand.

Herrero, in a telegram to General Pablo Gonzalez, denied that he or his troops murdered the former president, according to a report in Excelsior, a new paper here.

He declared Carranza had committed suicide rather than suffer the dishonor of becoming a fugitive.

Huerta is President

Adolfo de la Huerta, former governor of the state of Sonora, was elected provisional president of Mexico last night, by the extra session of congress. The vote was Huerta, 224; General Gonzalez, 23; and Iglesias, Calderon and Antonio Villareal one vote each.

General Juan Barrantan, Carranza's chief of staff, General Francisco Uruiz, former minister of war, General Bonillas, Aguirre, Berlinga, prime minister under Carranza; Paulino Fontes, former director general of railroads and General Murguia, who were made prisoners by the revolutionaries when they arrived here yesterday with the body of their former, are still under arrest.

Surrounded by paupers, graves marked only by tiny heaps of stones or simple wooden crosses, in the midst of a clump of evergreen trees on a knoll overlooking the valley in which nestles the city of Mexico, the body of Venustiano Carranza, murdered president of Mexico, was buried late yesterday.

Not in years has Mexico City seen such crowds as those which choked the streets during Carranza's burial. They were of all classes, smothered pions mingling with silk-hatted men of wealth and position, and thousands of women and children elbowing their way to positions where they could better view the procession.

The mob had gathered at the Carranza residence, and in approaching streets before 4 p. m., the hour when the funeral services in the home were to be held. The services were brief. They were attended only by intimate friends and a few officials.

Pass Thru Dense Crowds

When the ceremony was over the pall bearers, carrying the casket on their shoulders, marched a block to the eastward from the house toward Pasio de La Reforma. The famous boulevard was so jammed with people that the bearers of the coffin were forced to thrust the crowds aside in order to gain passage.

There was no hearse. A street car bore the body and its attendants to the cemetery, after the foot procession had gone six blocks to the car line.

Only the daughters of Carranza and a few other relatives followed the street car in carriages but they were lost in the crowds which walked silently behind the body three miles to the cemetery where hundreds had gathered. Motor trucks were employed to carry the scores of wreaths to the burial plot, but on arrival it was found too small to accommodate all of the floral tributes.

Buried With the Lowly

Carranza had chosen to be buried in the third class section, reserved for the very poor.

Owing to the lack of organization, the immense crowd pushed up to the edge of the grave and for some time it was impossible to lower the casket. Then the people vied with each other in tossing flowers on the casket before it had been covered over with earth. At the cemetery there was no service of any kind.

Foreign diplomats and many members of the old government attended.

NO OPPOSITION TO W. AND N. EXTENSION

(Special to Post-Crescent.)

Madison, Wis.—No opposition was manifested at the hearing before the Railroad Commission Monday of the application of the Wisconsin Northern Railroad company for a certificate of convenience and necessity for the construction of an extension to its line from Appleton to Neenah, where it is to connect with the Soo line. It is presumed the commission will grant the certificate.

Alexandria, Va.—Two mobs forced entrance into the jail here last night looking for William T. Turner, negro slayer of Thomas M. Moore, but the accused man had been secretly removed from the jail a few hours previously.

Hoover Urges Farmer Board To Boost Crops

Former Food Dictator Warns That Production Must Be Increased if America Is to Escape Dependency on Europe For Its Food

(By United Press Leased Wire)
(By Herbert W. Walker)
Washington.—Food production in the United States is decreasing so rapidly that a commission of "highly trained farmers from the farm" should be organized immediately to formulate a constructive policy of agricultural re-adjustment. Herbert Hoover declared in a letter to Representative Riddick, Montana.

The letter was made public by Riddick today.

Unless steps are taken "to stem the tide of decreased food production, we shall soon be dependent on overseas supplies," Hoover warned.

He also stated that a drop in prices will come "sooner or later," and that in the interest of food production measures should be taken to see that the greatest portion of the decline is not passed back to the farmer.

"Deflation must not begin with the farmer," he said.

Defending the work of the food administration, Hoover sharply attacked the "farmer who farms the farmer," stating that he was "shown the door and is still sore over his inability to conduct the food administration."

The facts are that the price of food has increased steadily and that the farmer's situation has grown worse through "the orgy of speculation and profiteering that has ensued since the dissolution of the food administration," he wrote.

"We have so far developed no constructive policy of agricultural re-adjustment. We have had official commissions and committees endeavoring to formulate policies on industrial re-adjustment, but to date no such commission has been assembled for the farmers."

"There will sooner or later be a fall in the prices of commodities for the present high levels are due to inflation, to the misuse of the resulting extended credits for speculation and profiteering and non-essential production, to shortage in production outside of the United States and consequent drainage of our supplies, to wild extravagance, and other causes which at some period will diminish or collapse. When this deflation and consequent fall in prices arrives, no matter how carefully handled, it will be found that then the intermediate dealers will be able to pass the greatest portion to the back of the farmer."

"If a commission were formed, it would find amongst other things of peculiar interest to the farmer:

"That the farmers' prices are fixed by competition with world wholesale prices at the points where world streams of food meet; that such prices bear only a remote relation to the farmers' cost of placing the farmers' products on sale.

"That the burden of taxation is wrongly distributed; that the excessive profits, as it works out, is an appointment to food manufacturers and distributors to collect taxes for the government by adding them to the margin between the farmer and market."

"That the whole marketing system in any of our commodities is indirect, expensive, wasteful, obsolete and increases the margins unduly."

"That our manufacturing industries have developed out of pace with our agriculture and that our labor is being drawn in thousands from the farm to the city, at wages our farmers can not contend with."

"That the organization of consolidated buying of American produce by European governments and the consequent domination of our prices is a menace to the American farmers."

ARMENIAN MANDATE AN IMPOSSIBILITY BELIEVES BRYAN

DECLARES IN INTERVIEW THAT IT WOULD COMPEL SURRENDER OF VITAL DEMOCRACY PRINCIPLE

(By United Press Leased Wire)
Washington.—William Jennings Bryan today placed himself in direct opposition to President Wilson's foreign policy when he declared against this country accepting a mandate for Armenia.

"Any mandate is impossible," Bryan said in an interview.

"The one proposed for Armenia, if accepted, would involve us in an enormous expenditure in a time when the war tax is still so grievous a burden that the congress has difficulty in finding money necessary to do justice to the men who served in the world war."

Can Govern Selves

"It would involve us in the force of Europe and compel us to deal in implacable race hatred."

"It would involve us in the fierce commercial rivalry of the big nations. But worst of all, it would compel us to surrender a vital principle of democracy; namely, that all people are capable of self-government."

"All the colonial exploitation of helpless peoples is defended on the theory of their incapacity of self-government. We can not indorse this theory."

Declaring that christianity does not require us to adopt monarchical forms of government to render aid to suffering peoples, Bryan advocated sending to Armenia a United States minister who can advise the new nation.

ANTI-DRY LEAGUE AIDS CAMPAIGN OF GOV. EDWARDS

LESS THAN \$18,000 HAS BEEN RAISED IN BEHALF OF NEW JERSEY MAN'S CANDIDATE

\$62,185 FOR MR. HOOVER

Former Food Dictator's Campaign Fund Is \$4,000 Short of Meeting Expenses—Both Deny Support From "Special Interests."

(By United Press Leased Wire)
Washington.—A total of \$12,900 has been raised for the candidacy of Governor Edwards, New Jersey, democrat, Walker Vick testified before the senate campaign expenditures committee today.

The National Personal Liberty League, an anti-prohibition organization, has also aided the governor's campaign, Vick said.

The league membership is composed very largely of republicans, Vick said.

"We have no connection with them, but, of course we appreciate their cooperation," Vick said.

He named the following contributors: Cornelius S. Edwards (cousin), \$3,000; D. F. Edwards (brother), \$3,800; Charles E. McWilliams, \$500; John J. Terry, \$100; Theo. H. Smith, \$2,500; Theodore Roudie, \$3,000; total \$12,900.

No Liquor Aid.

After Vick had stated that no special interests of any kind had contributed or pledged aid to Governor Edwards, Senator Reed said:

"I'm going to ask you bluntly, have you any agreement with the liquor interests whereby they are to finance Governor Edwards' campaign?"

"Emphatically no," answered Vick. "Friends Help Owen."

The campaign of Senator Owen, Oklahoma, democrat, is being conducted largely by friends in Oklahoma. James W. Bell, Washington manager, testified. They raised \$7,810, mostly in small contributions, he said, and presented a list of contributors, many of whom gave one or five dollars.

Hoover Manager Called

J. Lucey, Herbert Hoover's manager, was called next. Senator Reed asked a series of questions about Hoover's residence abroad.

Sensor Edge, New Jersey, halted Reed's line of inquiry and steered Lucey to a discussion of Hoover's campaign fund.

Hoover's California fund was gathered and spent in that state and Lucey had no knowledge of it, he said.

Replying to further questions by Reed, Lucey said his work was principally "stimulating" Hoover organizations throughout the country.

"Do you stimulate any of them with cash?" asked Edge.

"No," said Lucey.

Deficit Is Shown

Lucey submitted an accounting showing a deficit of \$4,147 in Hoover's campaign fund. Contributions totalled \$62,084, none of them being from corporations, the account showed. Sale of pamphlets and interest on deposits brought the total of receipts to \$66,231.

A contribution of \$2,000 was made from this fund to the republican national convention, \$2,000 to the state of Washington Hoover Club, publicity cost, \$30,023. Total disbursements shown amounted to \$66,332.

Fourteen thousand dollars was borrowed to meet current bills, the account showed.

Lucey, describing the methods used in the Hoover campaign, said the work was confined to the Hoover Clubs.

Sensor Reed, Hoover's ancient enemy, prodded Lucey about the details of the Hoover publicity campaign.

Lucey said he couldn't enlighten the committee about reports that Hoover had purchased newspapers in Sacramento, Calif., and Washington, D. C.

Investigations made yesterday by the senate committee disclosed these things:

Gov. Frank O. Lowden's campaign has cost to date \$114,384, of which the governor personally contributed \$379,159.

Sensor Hiram Johnson's campaign has been financed with \$72,000, except as to California and Oregon, figures on which were not available.

Gov. Cox, Ohio, spent about \$22,000, of which \$10,000 was used in Kentucky, the only state outside of his own, in which Mr. Cox made a fight for delegates.

Sensor Howard Sutherland's supporters collected, and spent less than \$500, until Wood invaded the senator's home state, West Virginia, when additional expenditures of about \$3,799 were incurred.

The testimony concerning Governor Lowden's campaign fund, was by far the most illuminating of the day. It was given by Lewis L. Emerson, secretary of state of Illinois, and the governor's campaign manager. Mr. Emerson said at the outset that the governor had determined, when he entered the race for the presidential nomination, that he would pay for his own campaign very largely.

"All but \$35,825 of the money used for Lowden came to me in the form of checks, signed either by the governor or his wife," said Mr. Emerson.

"Not a dollar was raised outside of Illinois. When I needed money, I sent over to the governor, and he gave it to me, \$25,000 or \$30,000 at a time."

LEGISLATURE TO ACT 33 BILLS IN SPECIAL SESSION

SECOND EXTRA SESSION OF SOLONS CONVENES IN MADISON AT 2:30 O'CLOCK TODAY

BATTLES ARE EXPECTED

Anti-Rent Profiteering Bill and University Appropriation Measure Arouse Much Opposition—Expect Brief Session

(By United Press Leased Wire)
Madison.—The Wisconsin legislature convened in special session at 2:30 this afternoon at the call of Governor E. L. Phillips; the second extra session since the present law making body took its oath of office.

While there are only twenty-six subjects listed in the call, it will take 33 bills to cover the work. These are now in the hands of the assembly and senate clerks, ready for introduction immediately following the reading of the governor's message.

Seventeen of the bills will be offered in the lower house and sixteen in the senate.

Re-appoint Officers

The organization of the 1919 regular session will be re-appointed. Speaker Young, of Darien, will be re-assumed as presiding officer of the assembly, while Lieut. Governor E. F. Dittmar, will occupy the chair in the upper house.

While the task of picking committees is cut and dried, it will probably be five o'clock before the executive will appear before the two branches in joint session to present his message.

Of the 33 bills, the longest is the anti-rent profiteering measure, which practically makes rented property a public utility and places it under control of the Wisconsin railway commission.

Battle Looked For

The commission will fix rents on homes, apartments and business property on a basis of a "reasonable return," just as gas, electric and water rates and street car fares are now fixed.

Two matters will probably precipitate battles on the floor. These are the placing of the rent bill enforcement in the hands of the rail board and the raising of additional appropriations for the university and normal schools through an increase in the mill tax rate.

Opponents of the governor's plans want the rent act placed in the hands of the industrial commission and believe the additional appropriation should be raised through sur tax rather than by increasing the mill tax rate thus pushing the entire burden for the raising of the money on the shoulders of the wealthy.

La Follette on Hand

United States Senator Robert M. La Follette is said to be opposed to granting any large sum to the university at this time. He will remain in the city during the session, again postponing his trip to Rochester, Minn., where he is scheduled to undergo an operation.

Those close to the governor insist that the session will adjourn Friday night while the opponents of the executive reply that they are ready to stay all summer if necessary.

HOOVER BLAMES WILSON FOR HIGH SUGAR PRICE

(By United Press Leased Wire)

New York.—Sugar would be selling today at 12 to 13 cents per pound if the national administration had acted upon recommendations made last summer, Herbert Hoover testified before the Lusk legislative committee here.

Hoover specified "the president, the attorney general and other members of the cabinet," as responsible for failure to buy the Cuban crop at six and one-half cents per pound.

Hoover declared the predominating causes of the high cost of living were shortage in commodities due to under-production of Europe and the drain upon American exports, inflation especially in expansion of credit facilities for use in speculation; profiteering and speculation; maladjustment of taxation, waste and extravagance; deterioration of transportation and an expensive and wasteful distribution system.

BRISK SEAT SALE FOR BENEFIT CLASS PLAY

The reserved seat sale for the second performance of "The Girl," senior class play to be given tomorrow night at Appleton theatre, opened briskly Monday afternoon at Belling's drug store, but there are still a number of seats available. It was announced. Proceeds of the performance will be turned over to the St. Elizabeth hospital campaign fund.

GREEN BAY WOMAN'S BROTHER IS SLAIN

(By United Press Leased Wire)

Chicago.—Richard Schwamke, mechanic, was shot and killed here early today when he resisted a hold-up man. Schwamke has a sister in Green Bay, Wis., and two brothers in Livingston, Mont.

Little Chance Congress Will Take Mandate

President Wilson's Recommendation That America Take Armenian Mandate Is Pigeon-holed—Believes U. S. Wants to Help

(By United Press Leased Wire)
Washington.—The possibility of congressional concurrence in the recommendation of President Wilson that the United States take mandate for Armenia is remote, leaders in the house and senate declared today.

Wilson's message will be "pigeon-holed" for the present by the foreign affairs committee in the house and the foreign relations committee in the senate, leaders declared.

Brigadier General Harbord, who headed an American mission into Armenia, recently reported an acceptance of such a mandate would require fifty-nine thousand American soldiers and a large naval force and would cost \$89,000,000 the first year.

America Wants Mandate

The president told congress that he thought the wish of the American people was that the United States should become the mandatory for Armenia.

Referring to the request of the allied supreme council that the United States also settle the boundary of Armenia, the president said he thought it was his duty "to accept this difficult and delicate task."

Notice that the president would name a commission to fix the boundary lines was given to the council of ambassadors at Paris last Saturday by Ambassador Wallace.

The president's communication cited the resolution, adopted by the senate this month, expressing "the hope that stable government, proper protection of individual liberties and the full realization of nationalistic aspirations may soon be attained by the Armenian people," and asking that a warship and marines be sent to the port of Batum to protect American interests, and continued:

Much Interested

"I received, and read, this document with great interest, with genuine gratification, not only because it embodies my own convictions and feelings with regard to Armenia and its people, but also, and more particularly, because it seemed to me the voice of the American people expressing their genuine convictions and deep Christian sympathies and intimating the line of duty which seemed to lie clearly before us."

The president said that he could not "but regard it as providential, and not as a mere casual coincidence," but that almost at the time he had received the senate resolution the conference of statesmen at San Remo had "resolved to address a definite appeal to this government to accept a mandate for Armenia."

During the Paris peace conference he president said, it was recognized that certain communities, formerly subjecting to the Turkish empire, should be provisionally recognized as subject independent nations into the rendering of administrative advice, and assistance by a mandatory.

He added that it was in pursuance of this principle, that the United States had been asked to assume the duties of mandatory in Armenia.

"I may add," he said, "for the information of the congress, that at the same sitting it was resolved to request the president of the United States to undertake to arbitrate the difficult questions of the boundary between Turkey and Armenia in the villages of Erzerum, Trebizond, Van and Bitlis. I have thought it my duty to accept this difficult and delicate task."

In response to the invitation of the council at San Remo, I urgently advise that the congress grant the executive power to accept for the United States a mandate over Armenia. I make this suggestion in the earnest belief that it will be the wish of the people of the United States that this should be done.

"I know from unmistakable evidence given by responsible representatives of many peoples struggling toward independence and peaceful life again that the government of the United States is looked to with extraordinary trust and confidence, and I believe that it would do nothing less than arrest the hopeful process of civilization if we were to refuse the request to become the helpful friends and advisers of such of these people as we may be authoritatively and formally requested to guide and assist."

"I am conscious that I am urging upon the congress a very critical choice, but I make the suggestion on the confidence that I am speaking in the spirit and in accordance with the wishes of the greatest of the Christian people."

London.—President Wilson has dramatically challenged congress and his country in his message in which he requested that the United States take a mandate over Armenia, according to an editorial in the Pall Mall Gazette today.

The newspaper declares congress has been invited to make a crucial decision. If it answers in the negative, it must register in sinister terms the value to be placed upon American moral enthusiasm, the editorial concludes.

JOHNSON IS STILL AHEAD IN OREGON VOTE COUNT

(By United Press Leased Wire)

Portland, Ore.—Senator Hiram Johnson today apparently held his lead on the Oregon presidential primary returns from all counties except one today showed:

Johnson, 42,044; Wood, 41,177; Lowden, 15,053; Hoover, 14,328.

NEW HOSPITAL IS IN SIGHT AS ARMY OF 200 WORKERS START DRIVE

MEDICAL SCHOOL AT STATE UNIVERSITY URGED BY PHILIPP

GOVERNOR PHILIPP'S MESSAGE TO SPECIAL SESSION MAKES SEVERAL RECOMMENDATIONS

(Special to Post-Crescent)

Madison.—Legislation which will prevent rent "raouging"; an increase of the appropriations at the university and normal schools to care for increased salaries; the authorization of a four year medical school at the university, with a state hospital for the treatment of crippled and deformed humanity and increased salaries for county superintendents of schools in the state were the features of the special message of Gov. E. L. Philipp, delivered before the joint session of both houses of the legislature this afternoon.

Gov. Philipp placed his greatest emphasis on the rent situation. He pointed out that in some cases rents have been increased 100 per cent, but that a special committee investigating the subject had not found justification for more than 25 per cent. The governor asked for the enactment of legislation which will permit the railroad commission to regulate rents as it does railroad or public utility charges.

Some Landlords Fair

"There should be neither thought or desire to injure those who have dealt fairly with their tenants," said Gov. Philipp, "either through patriotic or other motives. In fact they have our undivided praise. However, those who have taken advantage of the situation either directly or by skillful device, have compelled the state to resort to efficient regulation. It is an inefficient government indeed that will permit avarice to pick the people's pockets or permit horrible people to be set upon the streets by the unreasonable exaction of soulless property owners or their equally soulless agents."

Need Medical School

Gov. Philipp declares there is a necessity for the establishment of a medical school at the state university. He declared that other medical institutions of the country were unable to take our students, because of crowded conditions in their own institutions. He declared that the state should either abolish the two years of medical instruction which is now given, or furnish the full instruction and care for the students who apply for medical education. In connection with the medical school he recommends the establishment of a state hospital, where the poor and deformed and crippled of the state may be treated at a minimum of expense or at state and county expense if necessary.

This proposed hospital, being associated with the university, should maintain a high grade nurse training school in connection with it and would secure very desirable students from the university," said Gov. Philipp. "The argument that the hospital will not attract enough cases for clinical purposes must fall if we are not willing to admit that expert medical service will attract the people, it matters not where the clinic is located."

University Needs Money

Gov. Philipp said that the university found itself sorely pressed for funds because of the increased attendance from 5,000 to 7,000 students, said Gov. Philipp, and the increased value of teachers' talents, and the depreciated value of the dollar, the state is compelled to make a substantial increase in the university income to meet its requirements. Nearly \$1,000,000 annually is needed at the university to meet these increased expenses. An appropriation of \$90,700 is needed for the erection of a new wing to the chemistry building.

\$1,150,000 Is Wanted

"If the hospital building is authorized," continued the governor, "there should be appropriated \$750,000 for the hospital building, including the dispensary and clinic; \$300,000 for a nurses home and \$400,000 for the equipment, furniture and furnishings. These appropriations, however, are to be spread over a three year period. No appropriation is to be made for medical extension at this time."

The governor recommends an increase of the mill tax for the normal schools from one sixth to one-third. This would double the present normal school tax and would increase the normal income about \$678,000. This is asked for to meet increased salary and other normal school expenses.

Gov. Philipp recommends an amendment to the law fixing the minimum salary of school teachers, but does not state the amount of increase. The present minimum is \$60. A recommendation is also made that the salaries of county superintendents of schools be increased.

"LET'S GO" IS SLOGAN FOR ST. ELIZABETH HOSPITAL CAMPAIGN OPENING THIS MORNING

\$200,000 IS THE GOAL

Final Instructions are Delivered at Enthusiastic Meeting at Elk Hall—Another Meeting Tonight to Report on Progress

With the slogan, "Let's Go!" on their lips, 225 enthusiastic men and women left Elk hall Monday evening prepared for heroic efforts in the campaign opening this morning, to raise not less than \$200,000 for a new St. Elizabeth hospital. Another meeting is to be held at the club this evening at which the workers will make their reports and receive further instructions for carrying on the campaign.

Last night's meeting was one of the largest and most enthusiastic held in Appleton in many months. The crowd was much larger than was anticipated and consequently considerable difficulty was experienced in seating all the guests at the banquet tables but careful arrangement of extra chairs and tables made it possible to take care of everyone.

Community singing lead by Dr. E. H. Brooks put the audience in excellent humor and keyed up the enthusiasm. J. P. Frank, chairman of the city executive committee presided.

Tribute to Appleton

Mr. Frank's opening address was a plea to the workers to "put their shoulders to the wheel" and end the campaign successfully in the shortest possible time.

"This splendid gathering of

A Wonderful Display of BRACELET WATCHES

WE are proud of our collection of Watch Bracelets—we admit it. The collection is so large. The designs are varied. And the price so easily graded. It is indeed satisfactory to buy a Wrist Watch here.

Many people are now selecting their GRADUATION gifts while the line is intact.

Kamps Jewelry Store

OUR NEW LOCATION: 777 COLLEGE AVE.

Entertains Friends
Mrs. Charles Katman entertained a party of friends at her home on Oneida street Sunday. Supper was served to twenty-five guests. Cards furnished entertainment in the evening.

Birthday Party
Mrs. Charles Rehbein, Hancock street, entertained friends Friday evening, the occasion being her seventy-first birthday anniversary.

Prepare For Convention
Arrangements for the county convention to be held at Seymour June 23 and 24 will be made at a meeting of the board of directors of the Outagamie and Brown county Women's Christian Temperance Union, Wednesday afternoon at the home of the Misses Ada and Flora Kethroe, 508 Washington street.

Greenville Dance.
A dancing party will be held to night at Greenville station. The Star orchestra of Appleton, will furnish music.

Wednesday Musicals.
The Wednesday Musicals will meet tomorrow afternoon at the home of Mrs. Mark Catlin, 170 South street. "Nature Music" will be the subject for discussion.

Farewell Party
A farewell party was given by the Pythian sisters last evening at Knights of Pythias hall for Mrs. Walter Wingrove, who is soon to remove to Sheboygan. Bridge was played and the prize won by Mrs. C. E. Nash. A light luncheon was served.

Pupils Give Shower
Members of the senior and junior classes of the domestic science department of the Appleton high school gave a shower last night in honor of Miss Evelyn VanStratum. The presentation of gifts was made at the high school after which the young ladies visited Potato Point, where a picnic supper was served.

Fond du Lac License.
Application for marriage license has been made at Fond du Lac by Miss Elsie Schauer, South Kaukauna, and James Martin, Fond du Lac.

Farewell Party.
A farewell party for Miss Dneue Bach, Neenah, who is to leave soon for an extended visit to New York and Maine, was held at Menasha hotel.

WRINKLES THAT FORM AROUND EYES and MOUTH

This Good Looking Young Woman Advises Old Time Recipe of Buttermilk Cream in New Way—A Gentle Massage With Fingers Before Retiring All That Is Necessary

There is no secret about it nor is there any doubt about the result—it's just common ordinary Buttermilk in the form of a wonderful cream gently massaged with the finger tips around the corners of the eyes and mouth.

To prove this to your complete satisfaction, obtain a small quantity of Howard's Buttermilk Cream at any good drug or toilet counter on money back if dissatisfied plan. The directions are simple and it costs so little that any girl or woman can afford it.

Saturday evening. A seven o'clock dinner was served, followed by dancing in the grill room. Miss Alvine Fries of Appleton, was among the hostesses.

Country Club Party.
A dinner dance was held at the Riverview Country Club Saturday evening. The party marked the opening of the club for the season. A big crowd, including a number of Neenah people, was in attendance.

H. T. G. Club.
The H. T. G. club met last evening with Miss Della Schmit, North Division street. Five hundred was played and the prize won by Miss Virginia Carley. A dainty luncheon was served. Members of the club are to entertain a number of their friends at a dance this evening at the Schmit home. The next regular meeting is to be held with Miss Carley, Appleton street.

Happy Nine Bridge Club.
The Happy Nine Bridge club was entertained last evening at the home of Mrs. Charles Foss, 652 Bennett street. The prize was won by Mrs. Jack Fries.

Fourth Ward Dance.
A dancing party will be given at Fourth Ward school Wednesday night. Thelen's orchestra will furnish music for dancing from 8 to 12 o'clock.

Reeve Circle Meets.
Members of the J. T. Reeve circle, Ladies of the G. A. R., will meet at two o'clock next Saturday afternoon at the home of Mrs. Iva Shepherd, 400 Pacific street, to make wreaths for use on Memorial day. Plans for decorating graves of war veterans on that day will be discussed.

To Wed in Freedom.
The marriage of Miss Magdalene Vandenberg, daughter of Mr. and Mrs. William Vandenberg, Freedom, and Robert J. Shea, Appleton, will take place June 28 at St. Nicholas church, Freedom. Mr. Shea served overseas with Company A, 150th Machine Gun battalion of the Rainbow division.

Marriage Licenses.
Applications for marriage licenses were made this morning to Herman J. Kamps, county clerk, by Leonard J. Hahn of Milwaukee and Mrs. Gouda Gollner of Appleton; Harold M. Berg and Alice M. Streeke of Seymour; Lloyd Smith of Appleton, and Mary Pautz of Bonduel; Ivaux Millar and Irene Schabo of Appleton; Frank Henke and Elsie Knorr of Shiocton; Albert Black, Jr., and Anna Sasnowski of Kaukauna.

Sorority Dinner
Members of Kappa Alpha Theta sorority were entertained last evening at a dinner party at the home of Mr. and Mrs. George Banta, Menasha.

Annual Banquet
The annual spring banquet in honor of the senior members will be given tomorrow evening at the Sherman hotel by Phi Mu sorority. The guests of honor will be presented with recognition pins at this time as graduation gifts from the sorority.

Spring Outing
The annual spring outing of the Lawrentian staff will be held Wednesday, June 2. Plans have been made for a yacht ride to Clifton where a picnic supper will be served.

Senior Recital
Miss Eleanor Proctor Fuminger, pianist from the studio of Ludolph Arens, will be presented in a senior recital at Peabody hall at 8:20 o'clock Thursday evening, May 27. Miss Fuminger is an accomplished musician and much is expected of her recital.

Her program follows:
Toccata and Fugue, D minor for Organ Bach-Tausig
Carnaval opus 9 Schumann
Concerto opus 16, A minor for Piano and Orchestra Grieg
(Mr. Arens at Second Piano)

Wednesday Club Meeting
The Wednesday club will hold its final meeting of the season tomorrow afternoon at the home of Mrs. N. H. Brokaw, 544 Union street. The program "Representative French Music and Paintings," in charge of Mrs. Samuel Plantz and Mrs. J. E. Stoker, completes the club's work on "Representative French Literature."

Junior Recital
Three students of Lawrence Conservatory of Music will appear in a junior recital at 8:20 o'clock this evening at Lawrence Memorial chapel. They are Doris Brenner, organist, pupil of Carleton Bullis; Eleanor Proctor Fuminger, pianist, pupil of Ludolph Arens, and Beatrice Couillard Maigatter, soprano, pupil of Carl J. Waterman.

The program is presented under the auspices of the conservatory. The public is invited to attend.
First Organ Sonata Mendelssohn (Miss Brenner)

Concert Overture in C minor, Hollins (Miss Brenner)

Woman's Club Outing
The spring outing of Appleton Woman's club will be held this evening at Alicia park. It will be the last general meeting of the club until a new club year and it is expected that a large gathering will be present. Each one will bring her own basket lunch, but hot coffee will be served by the committee in charge. No regular program has been arranged for the evening's entertainment but games will be played and other outdoor sports enjoyed.

NEW HOSPITAL IS IN SIGHT AS ARMY OF 200 WORKERS START DRIVE

(Continued From Page 1.)

may be made over a period of two years. The first payment is due in September of this year, the second in March, 1921; the third in September, 1921, and the fourth in March, 1922. Interest at the rate of five per cent will be charged on payments which are not made on maturity.

Accept Liberty Bonds
Liberty bonds will be accepted at par value in payment of the pledges it was said. Although the bonds are now selling at far below par the committee in charge is confident that by the time the last of the money is paid the bonds will go back to the price at which they were originally purchased.

Splendid Spirit
Seldom, if ever, have Appleton men and women displayed the spirit of co-operation evident at the banquet. The immense crowd was a surprise to even the most sanguine and many of the guests became impromptu waiters. Several leaders in the movement gave up their places at the table so that others workers could eat and then they helped serve and clear away the dishes. J. D. Steele and Major McKay were among the most active "waitresses." J. J. Plank, J. E. Schweitzer, Gustave Keller, T. A. Gallagher and others worked tirelessly to see that every one was taken care of. Despite the congestion and the delay due to the unexpected large attendance, the utmost good feeling prevailed because of the efforts that were made to care for every one. It was a successful meeting and augured well for the success of the campaign which started this morning.

TOO LATE

Death only a matter of short time. Don't wait until pains and aches become incurable diseases. Avoid painful consequences by taking

GOLD MEDAL HAARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles—the National Remedy of Holland since 1696. Guaranteed. Three sizes, all druggists. Look for the name Gold Medal on every box and accept no imitation.

MODERN ATTITUDE TOWARD MARRIAGE CONDEMNED BY WOOD

PASTOR OF METHODIST CHURCH SAYS FAMILY LIFE IS THREATENED BY DIVORCE

Free and easy divorces and the modern tendency to regard marriage as a civil contract which can be broken at will, were sharply denounced by Dr. L. B. Wood, pastor of First Methodist church in a sermon, "The Modern Assault Upon the Home," at the Sunday morning service. Dr. Wood pleaded for closer family life and closer communion with the Creator in order to get the best things out of life.

"There are two forces that threaten our present social order. One is self-interest; individualism; the other scientific socialism," Dr. Wood said. "At the point where these two meet stands the home—and unless some bulwarks be built the home is in danger of being shivered into atoms."

The Divorce Evil
Individualism manifests itself in many ways, most conspicuously in the divorce evil, the speaker said. He averred that marriage assumes from the very beginning a self-subsistent life. It expects sacrifices. The self-interested individual seeks to escape from those sacrifices and that accounts for the alarming divorce statistics.

"When a couple agree in asking separation on the ground of incompatibility it usually means that neither is willing to deny himself and live for the other," Dr. Wood said.

The speaker denounced the flippancy with which the marriage state is regarded and declared that there is a pitiful departure from the ideals of the marriage relation when it is contracted on a commercial basis.

Denounces "Trial Marriages"
Trial marriages which are being "shamelessly announced throughout the country," establishment of bachelor apartments by young women as well as young men indicate a tendency to break down family life, Mr. Wood declared. The decreasing birth rate, especially in families qualified by education and finances to rear families, must be taken into consideration in discussing this tendency to break away from the ideals of the marriage state, Mr. Wood pointed out.

Scientific socialism, which is attacking the family as a relic of capitalism, came in for a scorching attack. The doctrine that woman must be free to break off the family tie at her pleasure and that children are to be wards of the state because of a confused parenthood was described as nauseating.

"The scientific stock farm and not the word of God is to furnish the standards for married life under scientific socialism. Surely, it is an amazing doctrine."

Not All Are Bad
But despite the prevalence of the divorce evil, Dr. Wood said that conditions are not as bad as painted. Tendencies are alarming but it must not be forgotten that it is only the sensational cases that are given prominence in the newspapers. For every 100 families that are advertised as failures there are 900 that are trying to live peaceably, Dr. Wood said.

The Saviour's Attitude
The attitude of the Saviour on the marriage relation was discussed, Dr.

Wood said that Jesus spoke specifically of the marriage tie when he told the Jews that "God had put them together, let no man put them asunder." The Saviour also held that divorce, except for adultery, followed by remarriage, is equivalent to adultery. Dr. Wood told his audience.

Need Uniform Laws
"There are two things about which, as members of the Kingdom, we must concern ourselves if we would see the Kingdom of God prevail. One is the remedying of certain wrongs; the other is the exalting of certain ideals. Divorce and marriage laws must be made uniform and exacting. Our present system of laws look like a crazy quilt. It is possible for a couple living in a state where their marriage is forbidden to run to another state and get married; migrate to another state, temporarily, where it is easy to get a divorce and then run off to a fourth state and marry someone else. There is less care in some states regarding marriage contracts than there is about contracts for the disposal of a horse or a piece of land."

Religion in the Homes
More careful religious education in the home was advocated by the speaker as a means of building up the family life and of counteracting the divorce evil. Proper training in the sanctity of the home for children will go a long way toward putting an end to the frivolous marriages which are becoming increasingly prevalent.

"In this day when there are so many influences pulling against the home, magnify the family unit. Develop family recreations. Train children into the family pew. Rebuild the family altar, not as an artificial thing, but as a vital agency of the home. You cannot do your best for yourself, for those, God's children, whom He has permitted you for certain years to call your children, unless you tie them up to yourself and Him at the family altar."

DANCE AT GREENVILLE TONIGHT. STAR ORCHESTRA.

NEENAH BOY WAS NEAR DEATH UNDER AUTO

Trapped under a machine which turned turtle on the Appleton-Menasha road, Clarence Bunker, Neenah boy, had a miraculous escape from serious injury Saturday afternoon.

Bunker was returning from Appleton when the accident occurred. He had accompanied the Neenah Boy Scout Troop to this city and had been sent back for two other members.

Bunker, trying to reach his destination in a hurry, lost control of the machine. The car tipped over, tearing off the top and windshield and causing other damage. The driver, somewhat dazed, remained under the machine until witnesses reached the scene and dragged him out. Bunker was uninjured, altho badly shaken up.

TWO PAVEMENT JOBS RECEIVE APPROVAL

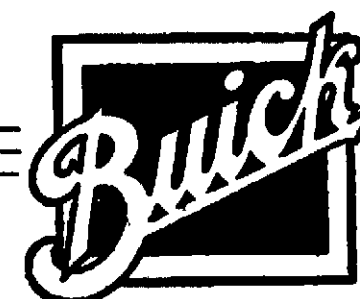

A. G. Brusewitz, county highway commissioner, has been notified of the approval by the Wisconsin highway commission of the contracts of George M. Gress Construction company and Wilson-Johnson company for the building of three miles of concrete pavement on the Seymour-Appleton road and two miles of pavement on the Bear Creek-New London road. A large portion of the material for each contract has been delivered.

40 CHILDREN WRITE SCHOOL EXAMINATIONS

Eleven eighth grade pupils of the county schools wrote final examinations at the office of the county superintendent of schools Monday. Similar examinations were also held at Kaukauna, Seymour, Black Creek and Bear Creek. About 40 pupils wrote the examinations. Annual commencement exercises will be held at Waverly Thursday, June 10.

Similar examinations were also held at Kaukauna, Seymour, Black Creek and Bear Creek. About 40 pupils wrote the examinations. Annual commencement exercises will be held at Waverly Thursday, June 10.

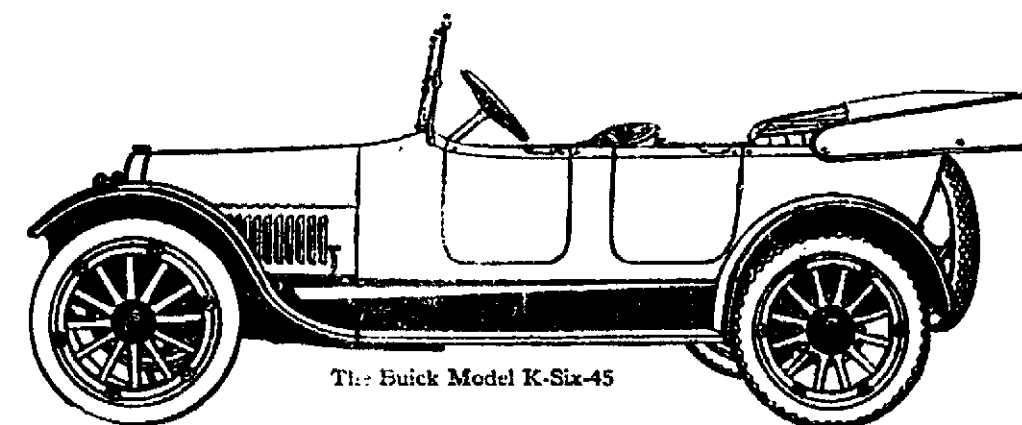

Pumpkinickel, the broad used by Westphalian peasants, is said to have originated in the saying of a French cavalry soldier, who rejected the broad with disgust, saying it was only "Bon pour Nicholas"—that is at St. Nicholas, his horse.

TODAY is your opportunity to place your order for delivery of a Buick Valve-in-Head motor car—tomorrow, next week, or longer delay may cause your waiting thirty, sixty or ninety days in securing delivery. Buick demands are increasing steadily each day—and present purchasing is advised as a protection in future motor car delivery. It is a vital and important subject that demands the immediate consideration of motor car purchasers, for Buick dealers already are receiving hundreds of orders for the summer and fall months.

Should you prefer earlier delivery, take advantage of to-day's opportunity in placing your order.

TIME FOR ACTION
A constructive national policy with reference to the railroads is an immediate and imperative necessity. The country cannot face even next winter without doing something which will effectively bolster up the railways for the time being and gradually bring them up to a state which will take care of our immense and growing transportation needs. The situation, after months of failure to appreciate its seriousness, has commenced to come home to the public. The new railroad act is good as far as it goes, but it does not go far enough to promise substantial relief.
Heroic measures are required to reach the transportation crisis. The railroads are powerless to finance their own needs, even under government guarantees of six per cent returns. It is estimated that at least \$1,000,000,000 must be had to put them in good running order and to increase their equipment and facilities to the point where they will take care of present-day traffic demands. Whether this is the exact amount which must be raised is of no consequence; we know the sum is very large and that there is no source now in sight from which it is to come.
There is a proposal that the government finance the improvement budgets of railways at large, so that they will be able to take care not only of betterments but of increased wage demands that aggregate something like another billion. The railroads themselves are asking, and with the best of argument, that the interstate commerce commission grant rate raises of from 24 to 31 per cent. That freight rates must go up, and heavily, is a foregone conclusion. Operations cannot possibly be continued on the present basis of rates without a deficit, and that would not only further cripple the resources of the properties but would force the government to meet the deficit from taxation.
The transportation problem is so large and so pressing that it ought to receive the constant attention of congress and the government, in conjunction with the railway owners, until policies or legislation which will insure its solution are agreed upon. It calls for the advice and assistance of the best brains of the country. It is not a time to throw up hands and deplore conditions; it is a time to formulate a definite and constructive program for the benefit of transportation, and to do it quickly and capably.

PEACE GARDENS
As the drift from farm to city has been a subject of comment for a quarter of a century, recent elements are apt to be discomfited by many of us. The figures presented, however, are startling enough to arrest the attention of even the most indifferent, particularly in the case of Michigan, where, according to the reports the high prices for labor in the manufacturing centers have heavily robbed the farms of young men. As much as 50 per cent reduction in crops, due to the same cause, is reported from some of the other states. With such shortage of labor in the rural districts, and consequent limiting of production of foodstuffs, there seems to be even more need now than there was during the war of extra effort to produce food on the part of the ordinarily non-producing classes.
"War gardens" are no longer demanded of the public, but the need of "peace gardens" is urgent. In some sections there is a lively realization of this. We read, for example that members of the Chestnut Hill (Philadelphia) Business Men's Association are planting 400 such gardens. The policy of raising as much food as possible for family use on small acreages needs to be followed in every suburban district, small town and village. It is not a mere matter of early summer vegetables. Enough potatoes, for example, to supply an average family

for a year can be raised on a very small acreage. In this way thousands of families can not only live better and more cheaply but the country's shortage can be to some extent made up and more normal conditions restored.

GOOD BUSINESS IN EDUCATION
Over thirty cities in Wisconsin have increased their salaries for teachers next fall from twenty to fifty-five per cent. Why did they do it? Was it a spontaneous burst of generosity? Well, not entirely. It was good business, good business for the children of Wisconsin. There is a tremendous shortage of teachers throughout the country and the state; reports are coming in from every state and district to that effect. It is a simple problem in mathematics. Cities that pay good salaries are going to get the good teachers, the towns that pay poor salaries are going to get poor teachers or go without.

The school boards which have risen to the occasion are looking to the future. They are taking a step forward making it worth while for the young people to enter the teaching profession. The attendance in the teacher training courses of the country has dropped off heavily, and will continue to drop off unless teachers' salaries are lifted above the starvation line to the thrift level.

One other thing—the level-headed business men and citizens are pointing the way to right action in regard to teachers in our normal schools and universities. We cannot hope to turn out good public school teachers unless they are trained by capable instructors in our normals and colleges, and we cannot keep capable instructors unless we pay them as much as they can get elsewhere.

Today's Poem
I. A. EDMUND VANCE COOKE
IMPERTINENT POEMS
THE SERPENTINE ANTHRITHESIS
"Gone Back!" Light turns to dark and hope to fear;
Love is a withered leaf of some past year.
Earth cracks and corpses long since turned to clay
Hurtle like clouds through space toward Judgment Day.
The sun is cindered and the stars are black
When it is said of you "He has gone back."
"Come Back!" There is a radiance in the East;
The day's a festival, the night's a feast;
Women are gentle, men are brave and just;
There is no death and love has conquered lust;
God's breath is sparkling in the morning dew.
When this—"He has come back!" is said of you.

The difference between a "Yes" and "No,"
Or "love" and "hate," or "life" and "death," or
"fire" and "snow."
Is nothing. What are "white" and "black,"
"Compared to" "gone" and "come" before the
small word "back?"
"Gone" is last winter, "Come" approaching summer.
And man's a "goner," when he's not a "comer."

AMERICAN FILMS TOO REALISTIC FOR MADGE
Liverpool.—"I do not like American film acting," sighs Miss Madge Titherage, English movie actress recently returned from Los Angeles. "It is so tiresome to wear an evening gown at 5 o'clock in the morning." Movies take precedent over all except fire engines in the United States, says Miss Titherage and she has bloodcurdling tales of traffic halted in the heart of great cities for film reasons.

HERE MAN GETS SEAT LADY ASTOR WANTED
London.—Lady Astor is liked! For the first time since the American-born peeress took her seat in Parliament she has bowed in defeat to a colleague. Lady Astor wanted to sit in a corner seat in the second row below the gangway to the opposite side of the house. Sir W. Joynson-Hicks wanted the same seat. They stowed and fought many days. "Game isn't worth the candle," announced Lady Astor a few days ago, and being a woman as well as a lawmaker she added: "Didn't want the old seat anyway!"

VELVET BREECHES A PARIS FASHION
Paris.—Velvet breeches seem likely to be a fashion here this fall. Thousands of yards of velvet intended for army use will be released for public sale. The cloth is gray, fawn and brown. Trousers will sell for about \$6 a pair.

JUDGE ISSUES WARNING TO ARTISTS
Paris.—An artist hasn't the right to "create an image more or less faithful" that will give an impression of a person likely to damage him, in the opinion of a judge here. Mine, Catulle Mendes won her suit against a cartoonist here who drew her picture.

PEERS PEDDLE ART TREASURES FOR CASH
London.—Peers are still selling their trinkets and treasures. In one room the other day Lord Minto's collection of early English and Scottish literature was sold, while in the next room the plate and jewels of the Dowager Lady Tankerville and Viscountess Mervyn were being knocked down to the highest bidder.

WILEY'S PROOF OF HOLY CROSS RELIC
Liverpool.—The will of Hon. Mary St. Clair says: "Having already given Canon Keating the relic of a portion of the most holy cross given me by his holiness, the late Pope Pius X, I now give him the certificate authenticating the relic."

200 TO 1 WET ODDS IN BRITAIN
London.—The official odds against prohibition in Britain in the next year are 200 to 1. Insurance brokers offer that rate to brewers and distillers.

SANITATION RULES TOO DEEP—HE QUILTS
Honolulu.—Tin Chew ran a restaurant for 40 years. But he's quit. Figured it was easier to go out of business than to live up to the "new fangled" sanitation rules.

HEALTH TALKS
BY WILLIAM BRADY, M. D.
NOTED PHYSICIAN AND AUTHOR
Dr. Brady will answer all signed letters pertaining to health. Writers' names are not printed. Only limited number of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

AUTOBIOGRAPHY—21
Baby Should Sleep
I slept profoundly twenty-one hours out of each twenty-four the first three days of my life, and my folks didn't get hot up about it because they happened to know that was normal.
A healthy baby a few weeks old should sleep as much as twenty-one or twenty-two hours out of the twenty-four, waking only from hunger, dampness, too much noise or too much handling.
Up to the age of six months a normal baby sleeps about eighteen hours a day, being awake only from half an hour to two hours at a time.
A baby a year old should sleep fifteen hours in each twenty-four, twelve hours at night and three hours divided into two naps in the daytime.
By the time the baby is two years old thirteen to fourteen hours sleep a day will usually be sufficient. This amounts to twelve hours at night and one or two hours in day naps.
A child four years old still requires eleven or twelve hours of sleep in each twenty-four. And up to this age a daily nap is advisable.
Since a baby requires no food save the natural corrective and laxative obtained from the breasts, in the first sixty hours of life, it is unnecessary to awaken him at any particular time in the first two or three days. But after the milk secretion is established the baby should be regularly awakened by the clock for every nursing time throughout the day and probably twice in the night.
From the beginning they taught me to accustom myself to going to sleep after nursing, and mother or nurse was very careful not to stir me up or rock or juggle me, but gently placed me in my crib so that I might immediately fall asleep. Never was I permitted to sleep on the breast. Nor should a baby ever be permitted to sleep with a nipple in his mouth. Let him eat when he eats and sleep when he sleeps and not try to mix these two gaitful occupations. Never should any device, medicine or article be employed to put a baby to sleep. Of all folk things an unenlightened mother can do, rocking a baby to sleep is most foolish. Just think of the waste of time and energy that means, all to no possible benefit and often to the detriment of the baby. The mere accustoming of the baby to assistance in getting to sleep is bad training, in the first place—it is akin to forming dope habits. A quiet, darkened room, a satisfied appetite, soft warm clothes, and no interference.
Awakening the baby regularly for nursing or feeding helps him to get the normal sleeping habit. Irregularity in nursing or feeding is harmful in every way. By the time baby is five months old, he should sleep from 10 p. m. to 7 a. m. without waking or being awakened.

QUESTIONS AND ANSWERS
Immunization to Poison Ivy
Is there anything which will protect one against poisoning by poison ivy or poison oak? (C. W. D.)
ANSWER—Send a stamped addressed envelope and ask for the method of immunizing against poison ivy.
Sodium Iodid and Goitre
Will you please repeat the directions you gave some time ago for preventing the growth of goitres in school children? (Mrs. E. E. A.)
ANSWER—Two drams (that is, 120 grains) of sodium iodid may be dissolved in one quart of boiled water and kept in a corked bottle. One teaspoonful of this may be given the child after meals two or three times a day for six weeks or until the bottle is empty. It is also well to provide for a young person developing a goitre some kind of sea food once or twice a week, preferably fresh sea fish or shell fish, but canned or salt fish if fresh sea food is not obtainable.
Albuminuria
Is albuminuria dangerous? What is the cure for it? (H. A. H.)
ANSWER—Albuminuria is medicalese for albumin in the urine. Albumin in the urine does not necessarily signify disease. However, I am unable to advise about it without knowing the nature of the trouble, if any. Consult your physician.

TWENTY-FIVE YEARS AGO
Tuesday, May 28, 1895
Chief of Police F. W. Hofer was at Waukesha on business.
J. H. McLaughlin, superintendent of the M. and N. Paper company of Marinette, was an Appleton visitor.
P. M. Conkey was appointed state consul of the League of American Wheelmen for Appleton.
Mrs. T. H. Richmond and family left for Marinette, where Mr. Richmond was employed in the paper mill.
B. Ramsey commenced the work of painting his residence, the improvements made to it having been completed.
Mrs. Stoppenbach of Tacoma, and daughter-in-law, Mrs. W. E. Stoppenbach of Chicago, were guests in the family of H. D. Ryan.
A. L. Smith, Jr., superintendent of the Manufacturing Investment company, returned from Madison, Mo., where he had been getting things in shape at the big mill.
E. E. Dunn purchased of J. H. Trever of Antigo two houses and a lot at the corner of Alton and Meade streets.
Mr. and Mrs. F. F. Laftow returned from Portage where they attended a family reunion.
Leo Greulich of New York, formerly of Appleton, was in the city visiting relatives and friends. In company with Mrs. Greulich he had just returned from a trip abroad.
Julius Waite was appointed deputy game warden for Outagamie county.
Dr. Desautel rode his bicycle to Oshkosh in one hour and fifteen minutes.
Work upon the building of the new green houses at R. Hill was progressing satisfactory.
Frederick Hill and Amelia Loose were married by Justice H. H. Rogers.
The clothing and drygoods houses agreed to close at eleven o'clock Memorial day.

RUSSIA WANTS FAT PLAYWRIGHTS
Petrograd.—Fat poets and fat playwrights appear an "economic necessity" here. By official decree, at the instigation of Maxim Gorky, famous novelist, Russian writers are to receive an extra ration of meat, oatmeal and chocolate.

KING PLAYS GOLF WITH DOUGHNUTS
Nice.—"The Kid from Madrid," as the irreverent call the king of Spain, is a regular divvy. The king plays golf at the lunch table and has a batting average well into three figures made with hard rolls and table forks. Strangely enough nobody wants a ring side seat near the royal table.

NO MORE BRITISH BOUQUETS IN PAREE
Paris.—The government has prohibited the importation of English flowers. It is part of the program against the importation of non-essentials.

The earliest invention of the motion picture projecting machine was patented in 1867.

Confessions of a Bride
(Copyright, 1920, by The Newspaper Enterprise Ass'n.)
THE BOOK OF ANN
Mrs. Best Relates the Story of Her Love That Led to Divorce
Ann's father was an artist. He staged plays and designed settings and costumes for movie stars.
"He had the artistic temperament plus," explained Mrs. Best. "And I adored him. I petted him, saved him from amputation. He was easily irritated. But I worshiped him and he owned me, body and soul, in the way all young girls dream of being loved some day. For years we were considered ideal married lovers."
"I can guess that such a relation might have its disadvantages," said Chrys. "Humoring a man so might make him arrogant and domineering."
"I suppose so. But I didn't mind that, at first. It took me a long time to discover that my mother was barred from my home, and my brother's family, too. In a few years I had given up all of my old friends because my husband didn't like to have his work interrupted. Now I know he couldn't have been disturbed by chance callers, for his studio was in a wing of the house. He was merely set on ruling me."
"He had his own callers, of course, people in the business. I wasn't acting at the time. Many of his callers were young women, handsome talented girls. But I never thought of being jealous. I was the ideal wife—I trusted my husband. Besides, I was busy with Ann. And I never wearied of keeping our home exactly as my husband ordered it."
"Maybe you made the man too comfortable," said Chrys. "I've heard that it can be done."
"And so I lived until Ann was nearly 12 years old," Mrs. Best continued. "Then the other woman appeared?" somebody inquired.
"She had appeared long since, but I wouldn't admit that I saw her. I was determined to be 'hors concours,' not competing, or above competition as they label certain pictures in art exhibitions. But a woman can always tell when she has a rival, I suppose. While I had sufficed for my husband, he had spent all of his leisure with me. Of course, when he went elsewhere for recreation, I was terribly lonesome. He saw it. Evasions, too many excuses, too many details about his absences from our home and his studio became a habit. But I knew him well, and I could tell from subconscious betrayals almost the hour of his appointments with other women.
"Of course, it all hurt woefully. But I didn't want to be a hindrance to him. If he required the inspiration other women could give him, I was complaisant. Not happy, of course, for I loved him madly.
"I suppose that I had the 'old' ideas of a wife's duty. Then there was Ann to think about. A child should have a father to guide it, as well as a mother. You know the theory. So I did everything that neglected wives are told to do to win back recreant husbands. Peer Gynt should find the best love waiting right at home. I kept my house in order, fixed pretty frocks, cooked for him—and smiled.
"He was always very kind, was constantly bringing me dainty artistic trifles. His taste was perfect. One day, quite by accident, I discovered that he was buying the pretty things in duplicate—one for me—one for the other woman!
"It seems such a trifling matter, only a bubble on the ocean of my woes. But it was the supreme hurt of my experience!
"Our differences widened, and I proposed a divorce.
"My husband was deeply pained. Nobody in his family, nobody in my family had ever been divorced! I was in duty bound to consider his reputation—the child—etc.
"I consider but one thing," I told him. "Why did we marry? Because we desired to be together, we wanted to share each other's life. That is ended. You do not wish to be with me any more. It's all very simple.
"And so we parted. I suppose most romances would end here, but my own acute personal experiences followed my divorce."
(To Be Continued)

THE PASSER BY
True wit is nature to advantage dressed.
What oft was that, but ne'er so well expressed.
Be that as it may, last Sunday at the Baptist services at Powers theater, after the splendid presentation of the plan of campaign for funds for the new church, the orchestra broke out in a wail. "It is enough, oh Lord, now take away my life!"
Lay, Darn Ye
Eggs Laid Today—Why buy cold storage eggs when eggs can be ordered laid any date desired, by phoning Oak Park.—Ad in Oak Park, Ill., Oak Leaves.

Wife Doing Good Work
"I have been bad off with stomach and liver trouble and bloating for many years. No doctors or medicine helped me. On the advice of my druggist, I bought a bottle of Mayr's Wonderful Remedy and I don't want to miss a single dose. It has given me more benefit than all the medicine I have ever taken. I feel I am doing good to recommend it to others." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. "Druggists Everywhere." adv.

G.O.P. Convention Snap-Shots
The Story of 16 Nominations
By A. H. VANDENBERG

Seventh Convention
The seventh Republican National Convention, which met in Chicago, June 2, 1896, will always remain historic. Not only did it result in the party's nomination of its first "dark horse," but also it marked the beginning and the end of third-term Presidential aspirations.
Once more James G. Blaine was the paramount leader of his party, and once more Roscoe Conkling, in his embittered personal antagonism, undertook to foil his hated party rival. He used General Grant as the means to this end—ably seconded by Cameron and Logan and other deathless Grant adherents.
Grant had just returned from a triumphal tour around the world and stood upon a pinnacle. The fact that an early Pennsylvania state convention declared against third terms, and that the House of Representatives made a similar proclamation by a vote of 234 to 18, did not stop the Grant campaign.
He went into the Convention with 204 votes. Sharp practices were used in seating some contested delegates and in seeking to break the inhibition against the "unit rule," and in a sensational attempt by Conkling to force a pledge that every delegate participating in the Convention would be bound by its decision and would support the nominee.
But, there things aside, the fidelity of the Grant forces was marvelous. They never broke. Grant still had his 304 votes—with two added—on the final ballot. Once he reached 313—(necessity to a choice, 379), Conkling presented his name in a speech which will live as second only to Ingersoll's effort on behalf of Blaine, in 1876.
James A. Garfield of Ohio presented the name of John Sherman, also of Ohio, in another great speech which probably had much to do with the ultimate outcome, although not as Garfield originally intended. Washburne, Edmunds and Windom also were formally presented.
On the first ballot Blaine had 284 votes, a figure which never grew. On the second ballot one lone delegate swung to Garfield. Thus dead-locked, there were few changes through one roll call after another. On the twenty-third ballot Garfield rose to two votes. On the thirty-fifth ballot Blaine's strength switched to Garfield, to be followed on the next test by practically all save the old original Grant group.
Thus Garfield was nominated. And on one ballot Chester A. Arthur of New York was put in second place—his nearest contender being Elihu B. Washburne of Illinois. The platform followed closely the outline of four years previous, the only novelty being a mandate in favor of Chinese exclusion.
(Continued tomorrow, with the story of the Eight Convention.)

Passenger automobiles manufactured during March amounted to 176,000, Canada bought from the United States last year more than 21,000,000 tons of coal valued at \$70,000,000.

Consumption of newspaper paper has increased 21 per cent in the last five years, during which time production has shown a gain of only 5 per cent.

Ebbin, Little Chute. The grooms are the sons of Mr. and Mrs. Barney Berghuis, Buchanan. Both brides wore gowns of white georgette and satin and carried bouquets of white roses. There were no attendants. Following the ceremony, a reception was held at the Ebbin home for the large number of wedding guests. A wedding dance will be held this evening at Watry's hall. Both couples will make their home in Little Chute.

Monday Club Election
Mrs. M. J. Sandborn was elected president of the Monday club at a meeting Monday afternoon at the home of Mrs. A. H. Wickesberg, 861 Superior street. Other officers chosen were Mrs. R. C. Mullenix, vice-president; Mrs. J. E. McLaren, secretary; Mrs. John Neller, corresponding secretary; Mrs. A. H. Wickesberg, treasurer.

LAST BAND CONCERT IS BEST OF SEASON

Last night's program by the Ninth regiment band, ending the winter season, surpassed all previous efforts. The audience was in a receptive mood, encoring each selection heartily. The band has shown constant improvement and its work last night was a revelation to music lovers. The feature selection was the fantasia, "The Evolution of Yankee Doodle," in which all kinds of American music was presented. The selection was rendered in excellent style and pleased mightily.

Miss Mary Camp Twyman, coloratura soprano, was exceptionally pleasing in a splendid selection of vocal solos. The gifted Chicago singer made a lasting impression here.

Card of Thanks
We wish to thank our neighbors and friends for their kindness and sympathy and Rev. Jahnke for his kind words, also Appleton Fire Department, Rhine Lodge, Appleton Machine Co., for their floral offerings during the death of Mr. Chris Schmidt.

(Signed) Mrs. Chris Schmidt and Children.

SEEK RESIDENCE FOR FIRST WARD PRINCIPAL

Where to house the new principal of the First Ward school when he arrives is a problem that is puzzling members of the First Ward school board. No place appears to be available at the present time and every effort is to be made to locate a house by August 1, the date when he expects to reach the city. The board is asking residents of the district to lend their assistance and report any information regarding vacant houses to some member of the board. A small house is desired by the principal.

THREE EXPERTS RETURN TO HELP IN SURVEY

Assistance of three community study experts was again available today with the return of Edgar B. Gordon, Mrs. Cecile White Flemming and Miss Emma Conley.

Mr. Gordon is connected with the bureau of community development of the university extension division and is working with the recreational committee. Mrs. White is a member of the state board of education and is working with the county superintendent of schools on studies in the rural district. Miss Conley is also with the university extension division and is working with the recreational committee.

FLAG POLE IS TO BE ERECTED THIS WEEK

The flag pole recently purchased by the various military organizations of the city is to be erected this week in soldier square. A flag supplied by the Women's Relief Corps is to fly at half mast Memorial day, and when the parade passes will be hoisted to full mast.

HUGE SHIPPING BOARD TUG NAMED 'OUTAGAMIE'

The Outagamie, a tug named after Outagamie county, and built by the Northwest Engineering Works, Green Bay, has sailed for Detroit, where it will be turned over to U. S. Shipping board. Three other 150 foot steel tugs, similar to the Outagamie, the Valonia, Toopi, and Pylas, also sailed. The tugs finished their speed trials Thursday and Friday. Dock tests were completed Saturday.

It is said that the tugs will be among the largest in shipping board service when they are formally commissioned.

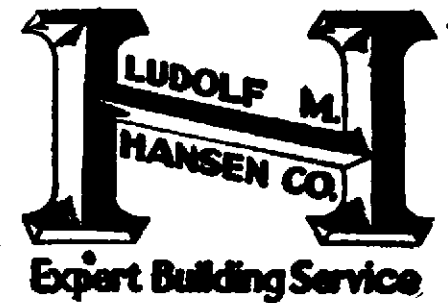

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 50c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

MAJOR GRAEF IS REELECTED HEAD OF RAINBOW VETERANS

ANNUAL MEETING IS HELD MONDAY NIGHT—OPPOSE CITY MARKET IN SOLDIER SQUARE.

Major Lothar G. Graef was re-elected president of the Appleton sub-branch of the Rainbow Division Veterans at a rousing meeting last evening at the armory. Plans were also completed for participation in the Memorial day parade. The men convention of 42nd Division men to be held here June 20. Objection to the use of soldier square for a public market was also voiced at the meeting.

Other officers chosen were: Vice-president, Francis X. Bellow; secretary, Alfred Pingel; treasurer, August A. Arens; historian, Allan B. Ellis. March in Parade.

It was decided by the veterans to march as a unit embodying the members of old Company A, 150th machine gun battalion, 42nd Division, in the Memorial day parade.

LABORERS WANTED
 Sewer trenching, Mason Street. Highest wages. R. J. Wilson & Company.

the Memorial day parade. The men are to assemble at the armory at 12:45 o'clock Monday in uniform, the military attire being a symbol of respect to the comrades who made the supreme sacrifice.

The plan of holding a reunion of all the Rainbow veterans was abandoned, as many of the chapters were said to be too young and lacked sufficient funds. It was therefore decided to have a meeting here Sunday, June 20, of the four Wisconsin chapters, including Appleton, Oshkosh, Fond du Lac and Oconto. Each will be asked to send 15 delegates.

Appleton Delegates.
 Appleton is to be represented by Dr. James A. Rolfe, chairman; August A. Arens, Allan B. Ellis, Arthur Rock, Alfred Pingel, Francis X. Bellow, L. Hugo Keller, Floyd Kessler, Lothar G. Graef, Frank Spruch, Robert Merkel, Paul Wilke, Harold Pingel, Samuel Crouch, Harry Perkins, alternates, Joseph H. Marston, Theodore Albright, William Crowhall, Portage: H. LeRoy Craig and Kirk White, Rhinelander.

Save Soldier Square.
 Unanimous objection was raised by the veterans to the proposition of using soldier square for a public market place, contending that the square was sacred ground to every ex-service man. To desecrate it with a proposition of this kind, it was stated, would be to insult the soldier dead of all wars.

A report from the sick committee showed that Major Graef and John Pierre, Jr., were slowly recovering from severe illness.

Martin Peeters, state secretary of the Rainbow organization, read a report showing a steady growth of the four Wisconsin chapters. He stated that the records of the national headquarters at Columbus, O., showed that Wisconsin still topped all other states as to organization and membership.

TIPPETT SPEAKS AT FOND DU LAC MEET

The Rev. J. H. Tippet, Appleton, spoke on "Socialism of the Gospels" at Wednesday evening's meeting of the two day convention of the Woman's Home Missionary Societies of Fond du Lac held at that city.

Members of the Appleton district were guests of the Fond du Lac society during the convention, held Wednesday and Thursday.

A banquet Wednesday afternoon, and an auto ride through the city Thursday afternoon, was a part of the entertainment program.

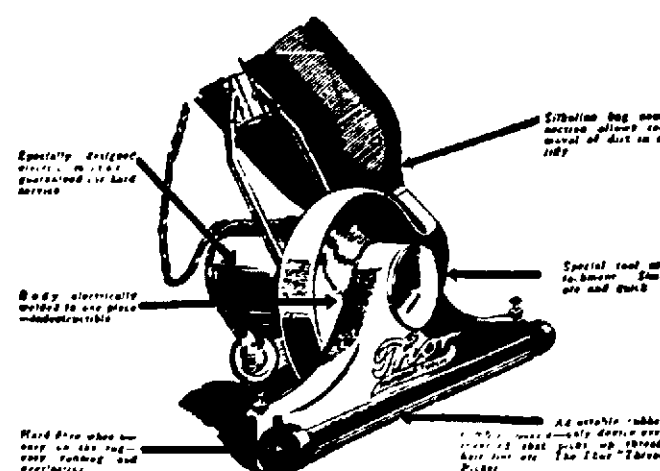

An EV-RE-DAY Recipe

CINNAMON BUN
 1 cup EV-RE-DAY Margarine
 1 cup sugar 2 cups flour
 1 teaspoon cinnamon
 1/2 cup milk 2 eggs
 2 teaspoons baking powder
 1/2 cup raisins

Cream EV-RE-DAY, add sugar gradually, then yolks of eggs, sift flour, baking powder and cinnamon together, add milk alternately with flour, add raisins, fold in beaten whites of eggs. Bake in a sheet and while hot spread with EV-RE-DAY and sprinkle with powdered sugar and cinnamon well mixed.

GULBRANSEN Player-Piano

The Gulbransen is so easy to play that you play without the slightest effort. Every lady can play, just as shown in the picture. The expression control is simple and natural. The responsiveness of the tone and action are delightful. You will be surprised at how well you can play it.

ALL THIS WEEK AND NEXT WEEK UNUSUAL DEMONSTRATIONS WILL BE GIVEN

We have arranged specially to show you at our store how simply you can control the tone of the Gulbransen. How perfectly you can produce any expression. We will show you how you can play the Gulbransen in confidence as you hum or whistle your favorite tunes.

NATIONALLY PRICED

The price you pay for a Gulbransen Player Piano here in Appleton is the same price that would pay at the factory or anywhere else in the U. S. Each model has the price marked on it at the factory. You will note that these prices are the same as you will find in the Saturday Evening Post or your favorite farm paper.

White Horse Model \$725
 Country Seat Model \$825
 Suburban Model \$850

COTHAM FIGHT FANS ARE DREAMING OF BIG BOUTS

By United Press. Licensed Wire.
New York.—Johnny Wilson and Mike O'Dowd in a return battle for the middleweight championship; Georges Carpentier and Battling Levinsky in a bout for the light heavyweight championship; or Benny Leonard and Lew Tindler in a scrap for the lightweight honors, were being talked of here today as probable "baptisms" for a new reign of boxing in New York.

Boxing is back as a legalized sport in New York state but it is improbable

that the first bout under the new Walker 15-round decision will be held before the middle of July. The bill signed yesterday by Governor Smith, became effective at once but the necessary appropriation of \$10,000 will not be available until July 1.

FREIGHT SHIPMENTS NEARER TO NORMAL

The amount of freight arriving in Appleton has nearly doubled within the last few days and the indications are that conditions will soon be normal. Embargoes on eastern points are also being lifted gradually. Box cars are still very scarce and hard to get and an order was recently issued prohibiting refrigerator cars from being used for other than perishable freight.

Trinity English Lutheran Brotherhood will meet tomorrow evening at the home of Herman Hoffman, 1000 Superior street.

Mr. and Mrs. George Droeger of Seymour visited here today.

C. G. Wilcox has presented to the county treasurer a map of Oneida reservation which includes the portion in Brown county as well as that in Outagamie county. The map shows each parcel of land and on it appears the name of the owner and the number of acres.

DAILY SERVICE—Business of the Northern Transportation company of Green Bay, which established a motor truck freight line between Green Bay and Fond du Lac a few weeks ago, has increased so rapidly that the company today began daily service between those cities.

Earl Rogers left this morning for Racine, where he has accepted a position with the J. I. Case Threshing Machine company.

J. Samuel Foster of Joliet, Ill., is here on business.

IT'S UNWISE
to put off to-day's duty until to-morrow. If your stomach is acid-disturbed take

KI-MOIDS
the new aid to digestion comfort today. A pleasant relief from the discomfort of acid-dyspepsia.

SKAT WINNERS—Seven tables were in play at the weekly skat tournament at Elk club Monday night. First prize was won by Henry Scheil, second by Joseph Schweitzer, and third by G. Langstadt.

POSTPONE CASE—The case of Gordon Fish, Anton Wagner and Lawrence Stark, charged with exceeding the speed limit, was postponed until Friday, June 4, when called in municipal court Monday, on account of the illness of Anton Wagner.

FORESTER MEETING—The regular meeting of the Catholic Order of Foresters will be held at Forrester hall this evening. Routine business is to be transacted.

GROCERS MEET—The Appleton Retail Grocers' association will hold its regular meeting this evening at South Masonic hall. The matter of Memorial day closing will be acted upon and other business transacted.

K. Q. C. Club Party
The K. Q. C. club had a movie party last evening at the Elite theatre. Eight members were present.

Majestic 3 DAYS STARTING Today

HE'S REAL!

He registers joy, sorrow, pleasure, and anger and all the other human emotions as they are registered by the fellow who washes the dishes at home or by the chap who brings the bon bons every Saturday night.

Who? Will Rogers.

He isn't fancy; he hasn't got big blue eyes and a baby stare. He hasn't got curly hair or Cupid bow lips. He's a regular feller! He's human and he's real. He's an honest-to-goodness, down-to-earth human being.

That's why you just can't help lovin' him. That's why you'll want to see "Jubilo," the story of a hobo who stumbles into the strange land of Work and Romance via a big train hold-up. Will Rogers is the soldier of misfortune. You'll sympathize with him, laugh with him and find more entertainment in his mis-adventures than you've ever found in one picture.

NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

BETTER LIVESTOCK MEETING IS TO BE HELD HERE IN JUNE

W. L. HOUSER, PRESIDENT OF STATE LIVESTOCK ASSOCIATION, WILL SPEAK IN CITY JUNE 22

(Special to Post-Crescent.)
Lamont.—The opening guns in a state-wide campaign for better livestock will be fired at a meeting to be held here on June 2. This will be followed by a series of summer meetings of breeders in many counties of the state.

At each of these plans will be announced, and action likely taken, looking toward the meeting of present and future demands from all parts of the country for animals of superior merit.

Walter L. Houser, president of the Wisconsin Live Stock Breeders' association, is scheduled to present, in June and July to important gatherings of farmers in 13 counties, plans for the development of the state's livestock industry. His itinerary includes Lancaster on June 2 and 3; West Salem, June 8; Tomah, June 9; Plymouth, June 15; Knapp, June 17; Wyocena, June 18; Grafton, June 20; Appleton, June 22; Ashland, June 24; Webster, June 25.

GLYCERINE MIXTURE FOR GAS ON STOMACH

Simple glycerine, buckthorn bark, etc., as mixed in Adler-Ika relieves ANY CASE gas on stomach or sour stomach. It acts on both upper and lower bowel and removes all foul matter which poisons stomach. OIL CURES constipation. Prevents appendicitis. The INSTANT pleasant action of Adler-Ika surprises both doctors and patients. One man who suffered five years from indigestion and constipation was helped by ONE dose.—F. G. Walker, druggist, adv.

Viroqua, July 27, and Lime Ridge, August 3.
That Wisconsin will continue to have the opportunity of meeting a liberal share of the demand for breeding and dairy animals from the nation is the belief of Mr. Houser. "Wisconsin must and will continue to merit this trade," he declares. "The officials of the Wisconsin Live Stock Breeders' association have fullest confidence that the great majority of the stockmen of our state will continue to deserve the confidence of prospective buyers. One of Wisconsin's greatest assets is to be found in satisfied customers for profit producing live stock produced upon her farms. Wisconsin's proud record as a live stock state has required effort to build and, of course, every citizen of the state would willingly do his full share to build a bigger and better Wisconsin."

"The state long since outgrew the reputation of being a granary and instead has been known for several decades as a commonwealth of farm owning people—a country thickly dotted with stock farms, stock yards, creameries, cheese factories, and milk producing plants to which the consuming population of this country and even the world may come for animal products. Wisconsin is devoting itself to the development of an industry which makes for permanence and profit instead of contributing to soil depletion, tenantry, and temporary farming."

RACINE WOMAN FACES CHARGE OF BLACKMAIL

Racine.—Charged with blackmail, Mrs. Hazel Bornofsky was placed under arrest this morning by deputy sheriffs and taken before Court Commissioner Benson for a preliminary hearing. The case was adjourned for a week and bail fixed at the sum of \$300. Mrs. Bornofsky is alleged to have written a letter to Richard Ashby, in which she demanded \$500 to preserve his reputation. She is said to have threatened that a failure to comply with her request to either expose him or see to it that suit was brought against him.

More than 1,000 families living in and near Greensburg, Pa., are raising rabbits to avoid paying the high prices asked for other meats.

STORM BREWING AS LEGISLATION MEET IN SPECIAL SESSION

TWO SHARP BATTLES ARE EXPECTED WHEN LEGISLATURE OPENS EXTRA-ORDINARY MEETING

(Special to Post-Crescent.)
Madison.—Storm clouds are gathering about the Wisconsin state capitol as the hour nears for the opening of the special session of the legislature, which convenes today.

Two questions are sure to precipitate battles on the floors of both houses. These are:

1.—The anti-rent profiteering bill, which Gov. E. L. Philipp believes the railroad commission should enforce through creation of a new bureau similar to its "blue sky" division. The opposition believes the law should be placed in the hands of the industrial commission.

2.—University and normal school appropriation bills provide for raising increased revenue through a higher mill tax rate, while La Follette and Socialists will fight for raising the money through sur-tax. It is said.

Gov. Philipp believes the session, starting at 2 p. m. Tuesday, will be ready for adjournment by next Saturday. However, many members of both houses fear that the executives program of 26 bills will take at least two weeks.

Organization work will take up little time as the officers of the 1919 regular session will be re-elected, including Speaker Riley Young, Lieut. Gov. Dittmar will preside over the senate.

Milwaukee threatens to wage a real fight to have the proposed state hospital, establishment of which will bring about a four-year medical course in the university located in the state metropolis. The Milwaukee Association of Commerce and other organizations will have workers here to button-hole the lawmakers.

Opponents to the plan claim Madison is not the place for such a hospital and that a larger city should be chosen. Friends of the bill point to Rochester, Minn., the home of the famous Mayo Institute.

Increase for University
The increased appropriation for the university mentioned in the governor's call is based on increased attendance. The present funds were allowed for a 5,000 student body while attendance is now over 7,000 and promises to top that figure next fall.

Legislators began to arrive in Madison Saturday. Senator John A. Constant came yesterday in the plane of his aviator brother.

No estimate can be made as to the length of the session. Socialist members of the house in Madison last week declared that they would either get through by the end of the week or leave anyway. Farmer legislators with the late spring and warm weather just beginning to show up will also be anxious to get back to the field and plow.

STRUCK BY TRAIN ARE NOT INJURED

Eau Claire, Wis., Hurled nearly thirty feet through the air when a Soo train struck the machine in which they were riding, Hans Howe, with the Leith Furniture company, and Olaf Sherman, jeweler, are today alive to tell about it and neither man has a scratch or bruise to show for his experience. The automobile was scratched.

Their machine stalled with the rear wheels on the tracks in front of an approaching Soo passenger. They didn't have time to jump before the crash came.

FIREMEN'S CONVENTION TO BE HELD IN CANADA

The International Association of Fire Engineers of which Chief George P. McGillan is a member, will hold its convention this year at Toronto, Canada. The state convention of paid firemen will be held at Green Bay, Aug. 3, 4, and 5. The local department will be represented.

Since Cortez first discovered cocoa in Mexico, it has spread through the tropical regions of South America and through Africa and the East Indies.

CONSTIPATION

DR. CALDWELL'S Syrup Pepsin is a combination of simple laxative herbs with pepsin that quickly relieves the congestion of undigested food and poisonous waste matter, and restores the normal regularity of natural action. It does not gripe or cramp and is as safe and pleasant for children as it is effective on even the strongest constitution.

Dr. Caldwell's Syrup Pepsin is the indispensable family remedy in thousands of homes and is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. C. Caldwell, 511 Washington St., Monticello, Illinois.

DR. CALDWELL'S SYRUP PEPSIN
THE PERFECT LAXATIVE

GOVERNOR FIXES MONDAY, MAY 31, AS MEMORIAL DAY

MEMORIAL DAY PROCLAMATION CALLS ON BADGERS TO RE-AFFIRM FAITH IN AMERICA

Madison.—In a proclamation designating Monday, May 31, for observance as Memorial day in Wisconsin, Gov. E. L. Philipp on Saturday took occasion to call upon all to reaffirm their faith in the government in this period of unrest and reconstruction. The text of the proclamation follows:

"The American people are deeply indebted to the brave men and noble women who have assumed the burdens of our wars, and who gave their labor, their blood, and their tears to our country, not merely for themselves and their own purposes, but for the present generation and for those who are yet to come. They willingly made the sacrifice that our country's interest demanded, because of their love for American freedom and American ideals."

"Review Sacrifices"
"In order that the deeds of those who offered their lives in the defense of our country be not forgotten, a custom has been established to set aside a day in the month of May when all industry shall cease and the people devote their time and thought to a review of the human sacrifice that has been made for us, to appropriately decorate the graves of our soldiers and sailors whose final resting place is with us, and to hold patriotic meetings for the purpose of reviewing the heroic deeds of the dead in order that their memories shall live, and that the living may profit by the unselfish examples that the history of our past places before us."

"For many years we devoted our thoughts on this solemn occasion to the soldiers and sailors who responded to the call of Abraham Lincoln to preserve this union of states and establish a country that is truly free. This year we shall also honor the brave men who gave their lives to our country and its ideals during the recent war, and I must not fail to remind you to honor those who fell in foreign lands, and whose graves are, therefore, not with us."

"It is a day of renewed sorrow in many homes, and I ask that you give special consideration to the mothers whose sons did not return, and that each be given an appropriate flower to wear on this day as a mark of appreciation by the people of the state of Wisconsin of the services of her son to his country, and the great sacrifice that she has made for us."

"We are living in a period when organized government is in peril throughout the world. It is difficult for us to understand why our own country, with a government that is so free that it gives every citizen every wholesome liberty, can be subjected to severe criticism, and even threatened by an element of people who have been persuaded to believe that they are being oppressed."

"Surely the government is responsive to the will of the people, and whatever changes are necessary will in due time be made by the people in an orderly way through new representation."

"We must not forget the fact that it is but a few months more than a year since the last shot was fired in a great war that upset the economic conditions over the entire world. The economic levels that will set all things right can not be re-established in a day or a year, nor should our government be blamed, or even criticized, because of conditions that have been forced upon us by Europe."

LITTLE CHUTE YOUNG MAN TAKES A BRIDE

Little Chute.—The marriage of Miss Hattie Van Asten and John Smith of Hollandtown took place at St. John church at eight o'clock Monday morning. The Rev. John Sprangers performed the ceremony. The attendants were Miss Genevieve Van Asten, sister of the bride, and Albert Smith, brother of the groom. The bride was attired in a white gown, gette dress, wore a veil and carried a shower bouquet of bridal roses. Her bridesmaid wore a pink georgette dress and carried a bouquet of pink carnations and ferns. After the ceremony a wedding breakfast was served to about 50 guests at the Van Asten home. Mr. and Mrs. Smith left Tuesday on a honeymoon trip to Rudolph and Marshfield and upon their return will make their home at Dundas on a farm.

The out of town guests at the wedding were Mr. and Mrs. John Smith, parents of the groom, Mr. and Mrs. J. Theil, and Mr. and Mrs. Frank Smith and family of Hollandtown; Mr. and Mrs. Louis Smith of Dundas; Henry Smith and Miss Hattie Smith of Marshfield.

Mrs. John Peters and Mrs. Henry Verway of Appleton called on friends here Monday.

Henry Heulekamp of Green Bay, transacted business here Friday. Mr. and Mrs. John Heiter will leave Wednesday for Rudolph where they will visit relatives for a few weeks.

E. L. Herrman of Milwaukee, was a business caller here Thursday. Peter Moffitt has returned to Ladysmith after visiting relatives here for several weeks.

Raymond Peters of Manitowish called on friends here Sunday.

An all day celebration marked the silver wedding anniversary of Mr. and Mrs. Bernard Hoppas of this village last Wednesday. About 100 guests, mostly relatives, were present. The day's activities opened with services at St. John church. The guests then returned to the home where they enjoyed dancing and card playing. Dinner was served at noon.

Many from here attended the dance given by the Baseball club at the Wrightstown auditorium Friday evening.

Mrs. Julius La Point and Mrs. John Krohn were Green Bay visitors Wednesday, making the trip by automobile.

W. L. Engle of South Bend, Ind., called on friends here Thursday.

Edward Van Den Berg, son of Mr. and Mrs. George Van Den Berg, suffered a broken arm while trying to crank an automobile, Thursday.

Charles Coppins was taken to St. Elizabeth hospital Friday, where he submitted to an operation. His condition is regarded as favorable.

Albert P. Hietpas and Martin Wynboon left Friday on a business trip to Flint, Mich.

Miss Laura Heering of Kaukauna, was the guest of relatives here Sunday.

world war will return to us, and that the enemies of this republic will again be forced to admit that a government by the people, under our organic law, is the best type of government that human genius has been able to invent.

"Therefore, I, Emanuel L. Philipp, governor of the state of Wisconsin, hereby designate Monday, May 31, 1920, Memorial day. And I request that the people meet in the school houses and churches and other public meeting places and devote their thoughts to our national ideals, to sing patriotic songs, and to do those things that I have suggested in this proclamation."

The St. Agnes Sodality of St. John church held an important meeting at the school hall Sunday afternoon.

Miss Hattie Van Der Loop, who is attending St. Catherine convent at Racine, arrived here Friday for a several weeks' visit with her parents, Mr. and Mrs. Arnold Van Der Loop.

Mr. and Mrs. Theodore Weyenborg of Green Bay, called on relative here Sunday.

Mrs. Charles Van Eenhoven of Kaukauna, was a guest at the home of Mr. and Mrs. George Geads, Sunday. John Hietpas has purchased a new touring car.

Mrs. Albert Hartjes entertained a few friends at her home on Main street Sunday evening. Cards were played and light refreshments were served.

Clarence J. Latham, who has been connected with the Pingat Paint Shop, has accepted an offer to take charge of the paint shop of the Acme Body Works. He began his new work today.

"Look out, fellows - it's leap year"

With acknowledgments to K. C. L.

YOU'VE ALL read.
HOW THE great detective,
SHERLOCK HOLMES,
COULD LOOK at the ash,
FROM A cigarette,
AND TELL you then,
ALL ABOUT the man,
BUT THE dear girls,
HAVE SHERLOCK stopped,
FOR ALL they need,
IS JUST one look,
AT THE outside,
OF THE package,
THAT'S ALL,
AND IF it is,
THE CIGARETTE,
THAT "SATISFIES,"
THE GIRLS know,
RIGHT OFF,
THAT THE man,
WHO SMOKES it,
IS BOUND to be,
HANDSOME AND clever,
AND GOOD and contented,
AND THERE are only,
THREE MILLION of him,
IN THE country,
SO THEY had all,
BETTER LOOK out,
AND IF you get,
CAUGHT WITH the goods,
DON'T SAY,
I DIDN'T warn you.

IT doesn't take a Sherlock to find out why Chesterfields "satisfy." Fine tobaccos is one reason. Superior blending is another. And the moisture-proof, glassine paper wrapper is a third. This expert blend of fine Turkish and Domestic tobaccos will say things to your taste that will confirm everything you ever heard about "satisfy."

They Satisfy Chesterfield CIGARETTES

FIRST SCHOOL IN LAND CLEARING IS HELD AT MARINETTE

PROBLEM OF CLEARING AWAY STUMPS IS GIVEN CAREFUL CONSIDERATION AT INSTITUTE

Marinette.—The Marinette County Land Clearing school, the first of its kind ever held, closed at Cedarville after a successful session which began on May 5. The course was a two day series of classes in blasting, pulling and piling stumps, as well as breaking the land and making it ready for cultivation after the stump elimination.

The school was conducted under the auspices of the University of Wisconsin and the director was John Swenhart, head of the land clearing department of the university, with L. P. Livingstone, secretary of the Marinette County Land Clearing association in active charge. Several other university men assisted in the work.

Many in Attendance

Farmers from all parts of Marinette county attended and visitors were there from Michigan, Illinois and Iowa. Representatives of other counties in Wisconsin also attended, and as a result of the success of the school similar schools will be held in other counties. Barron county is to be the first to put on the course. One hundred and twenty-five Marinette county farmers were granted certificates by the state university attesting that they had completed the course and each is expected to be a leader in directing land clearing in his neighborhood.

"The land clearing school conducted at Cedarville marks a new epoch in the development of farms from cut over lands," said Prof. Swenhart of the state university, "and it will bring millions of dollars added to resources to Marinette county." Continuing, he said:

Marinette County Pioneer

"Marinette county is a pioneer in the application of science to land clearing problems. Inquiries regarding the land clearing school are being received from all parts of the United States and other schools will undoubtedly be patterned after the one at Cedarville. The land clearing problem of northern Wisconsin is bigger than the building of the Panama Canal, and to solve the problem we need the cooperation of the business and scientific men, not only of the farms but of the cities as well."

Wausau Man Slays Another Man's Wife AND THEN HIMSELF

POLICE SEARCHING FOR MAN BELIEVED TO HAVE KNOWLEDGE OF THE DOUBLE TRAGEDY.

Wausau, Wis.—Jacob Soukup, paroled from an insane asylum, early on Sunday shot and killed Mrs. August Koss of this city and then turned the revolver on himself, firing a bullet through his left temple, which caused instant death.

A phone call from an unknown source brought police officers to the Koss home, where the bodies were found. The Koss children, asleep on the second floor of the house, had not heard the shooting and were unaware of the tragedy which had occurred in the rooms below.

Husband at Work

The fatality occurred during the absence of Mr. Koss, who was employed at a paper mill four miles north of Wausau.

According to the police, Mrs. Koss left her home Saturday night in company with Soukup. Later she left him, in order, they say, to meet another man, who is now being sought. It is reported that Mrs. Koss returned home with this man, and that while she was talking to him in her home, Soukup arrived. The man disappeared and the shooting followed shortly.

The police are searching for the man, as he is believed to have been the one that phoned, and it is thought he will be able to throw considerable light upon the tragedy.

Coroner Takes Charge

The coroner took charge of the case Sunday afternoon, and a jury was impaneled. After a survey of the bodies and the room where the shooting took place, the hearing was postponed until Tuesday.

The shooting was done with a new revolver, which, it is said, was purchased in a local hardware store Saturday night.

Mr. Koss, stated on Sunday that he knew Soukup had been paying attention to his wife, but that he was certain she had committed no wrong. The Koss children told the police that Soukup was a frequent visitor to the home.

RED ARROW MEN PLAN TO ATTEND REUNION

MANY APPLETON VETERANS OF THIRTY-SECOND DIVISION WILL GO TO MILWAUKEE

Appleton officers and enlisted men are planning to attend the first annual convention of the Thirty-second Division Veterans' Association at Milwaukee September 19 to 21.

Capt. A. A. Gritzmacher, George Merkel, James Balliet and Lieut. John Voge, are among the local officers of the division who will probably attend. Extensive preparations for the convention are already being made at Milwaukee. It is expected that 25,000 men will be in attendance.

There is a probability that General Joseph Mangin, commander of the French Tenth Army, will attend General W. G. Haan has been forwarded an invitation, but no reply has been received.

SCHMIEGE WINS CUP FOR TRACK PROWESS

HIGH SCHOOL SENIOR IS HIGH POINT WINNER IN MEET—THIEDE TROPHY TO SOPHOMORES.

Oscar Schmiede is the winner of the silver cup offered to the high individual point winner in the high school inter-class track and field meet Friday afternoon at Lawrence field. Schmiede scored 21 points, winning three firsts and two seconds in the five events in which he competed.

This is the second time that Schmiede has been high in the school meet. He was second high in his sophomore year, and winner in his junior and this, his senior, year. His brother Herbert also was high point winner for two meets, and also finished second in his sophomore year.

The silver medal offered to second high point winner was awarded to Aaron Gehring of the juniors. Gehring scored 18 points.

The Thiede trophy, awarded for the first time this year by W. O. Thiede, to the winning class, was presented to the sophomores. John Roach, team captain, received the cup in behalf of the class.

Ribbons were awarded to the winners in the various events.

The presentation of awards was made by A. K. Vincent of the athletic department.

DUBLIN SURROUNDED BY BRITISH SOLDIERS

By United Press Leased Wire

Dublin.—Reports that parleys had been opened between the British government and the Sinn Fein could not be confirmed in official circles here today. Sir Hamar Greenwood, chief secretary for Ireland, said he knew nothing of the rumored negotiations.

The city of Dublin is now surrounded by soldiers. Mounted troops and foot soldiers and police in motor lorries at night patrol all roads leading into the city.

Announcement of the resignation of Sir John Taylor, who for forty years has been principal under-secretary for Ireland, was made today.

Mr. and Mrs. William Luedtke visited at Oshkosh Sunday.

Stecker Bros. orchestra of this city, furnished music at the high school junior prom at Gillett Friday evening.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisided coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Homeless

Hundreds of thousands of homes are damaged by fire in the United States annually.

And practically all of them preventable. Thousands of them due to people groping in the dark corners with candles, matches and other open lights.

Don't take chances. Get a **Franco Flashlight** for your home or you too, may be homeless.

Franco Flashlights are safe, convenient home necessities. Wireless, non-corrosive. Do not short circuit. Guaranteed to last.

SUGAR JUMPS 7 CENTS A POUND SINCE MARCH

(Special to Post-Crescent)

Madison, Wis.—The Division of Markets in its bi-monthly Market Review issued today says:

"The reports, concerning prices of certain food products received this week from all parts of the state, present some interesting figures. Retail prices of sugar ranged over the state from 21 to 35c with a general average for all reports of 28.2c per pound. This is to be compared with the March average of 21.08c per pound. The retail price on potatoes ranged from 4 to 10c per pound with a general average for the state of 7.1c. This is to be compared with the average of 6.9c for April and 4.9c for March. Flour, another important commodity, advanced in price the April average for the state being \$3.94 for a 49 pound sack of the best grade with an average for May of \$4.59."

"Prices on all commodities did not raise, however, as the retail prices of butter, eggs and milk show a slight decline from April prices. The retail price of butter in March averaged 65.7c a pound, in April, 64.7c and in May 64c. Eggs sold by the farmer brought him prices ranging from 30 to 45c a dozen with a state average of 37c. The retail prices, however, ranged from 35 to 55c with an average of 39.2c per dozen as compared with the April average of 40.9c, and the March average of 45.2c. Milk brought the farmer an average price for the state of \$2.80 per cwt. The retail milk price over the state varied from 8c per quart in some small villages to 14c in some cities with an average for the state of 11c a quart which is 4c a quart lower than the April average."

INCORPORATIONS

Madison, Wis.—The Lithuanian Educational and Benefit Association, Milwaukee, a non-stock, organization, has filed articles of incorporation with Secretary of State Merlin Hull. The purposes of the Association are stated as: "to educate, enlighten, benevolent and charitable. Incorporators are F. V. Vilkevics, Anton Simankas, Felix Berganski.

Other articles filed include:

Swan Creek Cheese Factory, town of Dunn, Dane county, \$8,000. Cheese factory. W. H. Schwenn, J. L. Lalor, Charles E. Heyl, George F. Phillips, M. A. Wolcott.

Brown's Tire Store, Inc., Milwaukee, \$4,000. Auto tires and accessories. George A. Brown, Mary Brown, Clarence A. Elliott.

Amendments filed include:

Oshkosh Citizens Building Co., increasing directors from 5 to 11. Mineral Point Public Service Co., Mineral Point, changing location to Madison. The Lange Co., DePere, increasing capital from \$100,000 to \$250,000 and directors from 5 to 6. Oshkosh Seed Co., increasing capital from \$100,000 to \$200,000. Stickney Shoe Co., Milwaukee, increasing capital from \$10,000 to \$25,000. Madko Concrete Products Co., Madison, from \$25,000 to \$50,000. The Fulk Co., West Allis, from \$25,000 to \$150,000. Milwaukee Biscuit Mutual Loan Corp., from \$100,000 to \$250,000. South Kaukauna Dairy Co., Kaukauna, from \$10,000 to \$25,000. Gallaway Fuel Co., Milwaukee, from \$100,000 to \$200,000.

EAU CLAIRE GAS RATE IS GIVEN AN INCREASE

Madison, Wis.—The Railroad Commission has filed a decision granting an increase of 20 cents per thousand cubic feet of gas, with a minimum of \$1.80 per thousand, to the Wisconsin & Minnesota Light and Power Company for its gas plant at Eau Claire.

The Commission has set Monday, June 14, as the date for the hearing in Madison of the application of the Sheboygan Gas Light company for authority to increase its rate on gas 15 cents per cubic foot, from \$1.30 to \$1.45 per thousand cubic feet for the first thousand and \$1.25 per thousand for the next four thousand.

THIRTEEN PURE BRED Sires TO BE ON SALE

Preparations are under way for a Holstein picnic and sire sale to be held Wednesday, June 16, at the Sassman farm, Black Creek. It is planned to dispose of 13 pedigreed bulls selected by a sales committee consisting of Walter Weickert, William Menning and Lloyd Tubbs. Five hundred catalogues are to be issued describing the animals offered at auction. The event is said by the breeders to be the first move toward building up a Holstein association with 200 members and the placing of a pure bred sire on every farm.

William Doyle is building a garage at his residence on Third street.

No Sugar

Required for Jiffy-Jell Desserts

They come ready-sweetened.

They come acidulated with pure fruit acid, made from lemons or from grapes.

A bottle of liquid fruit flavor comes in each package. We crush the fruit, condense the juice and seal it in a bottle. So Jiffy-Jell is a real-fruit dainty, rich in fruit.

Simply add boiling water as directed on package, then the fruit essence from the bottle, and let cool.

If you used fresh fruit, plus a lot of sugar, you could make nothing more delicious.

Serves six—at trifling cost

One package of Jiffy-Jell serves six in mold form, or twelve if you whip the jelly. And the fruit alone which we use in it would cost you more than the whole dessert.

Jiffy-Jell

Real-Fruit Desserts

Ten Flavors in Glass Vials

A bottle like this in each package

Mint Lime Cherry
Raspberry Loganberry
Strawberry Pineapple
Orange Lemon Coffee

Be sure to get this package from your grocer, for Jiffy-Jell is the only dessert with these liquid fruit flavors in vials.

JOHNSON MAINTAINS LEAD OVER GEN. WOOD

By United Press Leased Wire

Portland, Ore.—The choice of Oregon republicans for president may not be determined until the official canvass is made of the votes cast at the primaries in this state.

Hiram W. Johnson's lead over Leonard Wood early today was only 732. It is estimated that from 4,000 to 5,000 votes are still to be counted. Some of the missing precincts are in sections showing a preference for Johnson and others are in counties favoring Wood.

The incomplete returns, however, point to Johnson as the winner. The vote as now compiled stands: Johnson 40,891; Wood 40,159; Lowden 14,870; Hoover 13,235.

Frank Harris of New London, was an Appleton visitor Sunday. Benjamin Scharpf visited at Oshkosh Sunday.

ANOTHER INSTRUCTOR NEEDED AT LAWRENCE

Dr. Lester B. Rogers will not return next year to resume his position as head of the Department of Education at Lawrence college. He has been spending the last year teaching in the department of education of the University of Southern California and will remain there for next year.

Following a severe illness caused by the climate here, Dr. Rogers was given a year's leave. Lee C. Rasey has been in charge of his work during his absence, but Mr. Rasey's recent appointment to the principalship of the Appleton high school leaves the position open for next year. Arrangements are now being made to fill it.

CORN GROWING CONTEST CLOSES NEXT MONTH

Entries for the annual two acre corn growing contest conducted by the Wisconsin Experiment Association will close June 15. Several Outagamie county members have entered the contest.

Charles Wussow of this county, won fourth prize in the competition last year, growing 95.5 bushels to the acre. George F. Ilshank, Kewaunee county, stood first with a yield of 116 bushels to the acre.

It is hoped by officials in charge that this year's contest will set a new mark. "We want to break all our previous records and clinch our position as the leading pure bred corn growing state in the union," declares R. A. Moore of the College of Agriculture, and secretary of the seed growers, in a bulletin.

BEAVERS GET FLAG FOR WINNING STATE CONTEST

The principal feature of the Beavers meeting at South Masonic hall Saturday night was the presentation of a flag from the state organization to the local colony which was winner in a membership drive. The presentation was made by Dr. A. D. Camp-

an AutoStop Razor for a full thirty day trial. If you then decide to keep it, pay us \$5.00 for it—if not, return it without further obligation.

You Pay Nothing to Try This Razor

You are given the opportunity of trying this wonderful Razor, without any kind of risk. For a month your shaving will cost you nothing—then you may return the razor if you can get along without it.

The AutoStop Razor

(Is Complete in itself, requiring no extra blades.)

It is more than a razor—more than a safety device.

Can be stropped, used and cleaned without taking apart without even removing the blade.

And like a perfectly stropped ordinary razor, the blade improves with use.

And it doesn't cost you a cent to prove all this to your own satisfaction.

WHERE THE MONEY MUST COME FROM.

Telephone facilities did not keep pace with growth, during the war, because the government put strict limits on new construction. Now labor and materials are high.

During war time, if the government income from telephone service did not pay the bills, Uncle Sam went down in his pocket and made up the deficit out of taxes.

It is really much fairer for the user of the telephone, who gets the benefit, to pay what the service is worth.

Improvements must keep pace with the public's demands, and there is no way for the Telephone Company to get the money to pay for them, except by an increase of rates.

Increased facilities increase the value of the service to every subscriber.

WISCONSIN TELEPHONE COMPANY
THOS. F. GARLAND, Mgr.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy.

Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

SAYS HIS PRESCRIPTION Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.

FLAGSTAD'S HOMER GIVES TIGERS WIN OVER YANKS

NEW YORK.—Elinor's great pitching and a timely home run by Flagstad enabled Detroit to defeat New York in the opening game of the series on Monday, 2 to 1. Elinor held the Yankees to two hits, both of them made by Ruth. First baseman Pop of New York was ordered off the field by umpire Nathan for protesting a decision of first base. Score: Detroit 2, New York 1. Elinor 2-0-0, 2-1-0.

RED SOX BEAT BROWNS IN EASY FASHION, 5-1

BOSTON.—Bush pitched effectively as Sox won the first game of the series, Boston winning on Monday, 5 to 1. The visitors' only run came in the eighth on errors by McNally and Foster and a lead homer of Tobin's which got through McInnis for a base hit. Score: Boston 5, St. Louis 1. Bush 1-0-0, 2-1-0.

ROBINS COULD HARD TILT FROM TIGERS, 1 TO 0

PITTSBURGH.—Good pitching by Mamouy enabled Brooklyn to defeat Pittsburgh on Monday, 1 to 0. Adams was hit hard, but the visitors used poor judgment on the bases. A pass to Johnson in the fourth inning, followed by an out and Konecny's two bloopers scored the one run of the game. Score: Brooklyn 1, Pittsburgh 0.

REDS BREAK LOSING STREAK AND WIN, 4-2

CINCINNATI.—Cincinnati broke its losing streak on Wednesday by winning from Boston, 4 to 2. McQuillen pitched brilliantly for six rounds, but in the seventh the Reds bunched five hits for three runs and scored another on three hits off Horn in the eighth. Score: Cincinnati 4, Boston 2. McQuillen 6-0-0, 2-1-0.

GIANTS BREAK WINNING STREAK OF CARDS, 7-4

ST. LOUIS.—New York broke St. Louis' winning streak on Monday, defeating the locals, 7 to 4. Sheriel was knocked out.

of the box when one of the first six who faced him in the seventh hit safely and drove in four runs. Score: New York 7, St. Louis 4. Sheriel 0-1-0, 1-1-0.

FELCH HITS SIXTH HOME RUN AS TEAMMATES WIN

PHILADELPHIA.—Chicago battled Naylor but won the opening game of the series from the locals here on Monday, 10 to 2. Felch tied Ruth's 1919 record by hitting his sixth home run of the season. A great catch by Jackson prevented Walker from equalling the same mark. Score: Chicago 10, Philadelphia 2. Felch 1-0-0, 2-1-0.

ALEXANDER WINS NINTH STRAIGHT GAME THIS YEAR

CHICAGO.—Alexander won his ninth consecutive game on Monday when Chicago shut out Philadelphia, 6 to 0. Alexander pitched in the form, only one visitor, Le Bonneau, reaching second. He got as far as third base and was doubled by Deal, who took a line drive and stopped on the base. Score: Philadelphia 0, Chicago 6. Alexander 9-0-0, 2-1-0.

HEAVY HITTING MARKS MILL LEAGUE GAMES

A 4 to 3 contest between Kimberly-Clark and Valley Iron Works teams, at Kimberly, with the K. C. team on the long end, featured Saturday's games of the inter-factory baseball league.

At Interlake park, the Interlakes were easy victors over the Fox River mill team. The final score was 15 to 0. Appleton Coated Paper Company staged a come-back and defeated Northern Boiler Works nine and won an easy victory, 15 to 5. Eagle Manufacturing Company lost a free hitting contest to the Appleton Woolen Mills, team, 31 to 13. Interlakes and Kimberly-Clark teams, each with two straight victories, are leading the league. The games played thus far indicate that the teams are evenly matched, and a close fight for the championship is looked for. The standings:

	W.	L.	Pct.
Interlakes	2	0	1.000
Kimberly-Clark	2	0	1.000
Valley Iron Works	1	1	.500
Appleton Woolen Mills	1	1	.500
Appleton Coated Paper Co.	1	1	.500
Appleton Wire Works	1	1	.500
Appleton Machine Co.	1	1	.500
Eagle Manufacturing Co.	1	1	.500
Fox River Paper Co.	0	2	.000
Northern Boiler Works	0	2	.000

BOTH INTERLAKE TEAMS ARE DEFEATED SUNDAY

Sunday was a tough day for the Interlakes. The first team lost to De Pere at that city, 5 to 2, while the second was defeated on the home lot, 3 to 2.

"Bum amping" is said to be responsible for the defeat of the locals at De Pere. The first team will play Green Bay at Interlake park next Sunday.

An error with the bases full, letting in three runs, lost for the second against the Oneida Indians, 3 to 2. Sternagel and Brandenberg did the heavy work for the locals. Charles pitched for the Indians, with White on the receiving end. The second travel to Hortonville next Sunday.

A sale of \$15,000,000 worth of provisions has been made by Armour & Co., to the German government.

CHAMPION REDS ARE SKIDDING, GROH SAYS

LUCKY TO BE GETTING BY AS CAPTAIN'S COMMENT—AMERICAN LEAGUE PLAYERS ARE HITTING HARD

(By Henry L. Farrell)
By United Press Leased Wire
New York.—Heinie Groh, the wee captain of the Cincinnati Reds, was reported to have said in an interview recently:

"We're lucky to be getting by." He inferred the team was hitting on only one cylinder.

The luck of the world's champions changed last week instead of getting by they started down. The Reds' abdication of the National League throne in favor of the Pirates of Pittsburgh and a debauch of slugging in the American, were features of the fifth lap of the major league race. Hitting second in the league playing a tight defensive game behind good steady pitching, Gibson's Pirates won five out of their six starts and jumped from fifth to first place.

The Cardinals by winning four out of five games went into fifth place, leaving the cellar vacant for the floundering Phils.

Behind the drop of the Phils is a bit of back yard gossip. Those "in the know" say the house of Cravath is divided against itself. Gavy caused the first murmur when he benched the veteran Luderus when he had within a grasp a new world's record for consecutive playing. He put the weak hitting Paulette in his place. Then he replaced LeBorveau, the sensation of the league, with Meusel, with whom he had been said to be on the outs. On Saturday he jerked Bancroft in favor of a busher and an open rebellion almost resulted.

Outside of conducting a campaign against the pitchers, the American League clubs went along at a consistent pace and remained in the same position with the smooth working Indians in the lead. The American league stickmen pounded out 462 hits during the week. They rapped out 61 doubles, 29 triples and 16 home runs and Babe Ruth was laid up all week with the flu.

"BIG SIX" MAY QUIT BASEBALL THIS YEAR

CHRISTY MATHEWSON, THE IRON-ARMED PITCHER OF OTHER DAYS GETTING READY TO RETIRE

(By Henry L. Farrell)
By United Press Leased Wire

New York.—Christy Mathewson, who made history as "big six" of the Giants, who left the management of the Cincinnati Reds to enter the army and generally supposed to be the next leader of the Giants, will write his last chapter in his baseball book at the close of this season, according to reports. The big pitcher whose name is linked with some of the brightest chapters of baseball during the last decade is to devote his attention to private business next year, his friends say.

John McGraw, manager of the Giants, who has shown his gratitude to the "old guard" of the club by wrecking his chances for a pennant rather than casting out the veterans that made the club the best paying investment in baseball, had selected Matty as the man to take hold of the reins when he leaves, it is believed.

Matty failed with the Cincinnati Reds but McGraw took him back and planned to give him his chance with the team that he took a major part in making famous.

However, it seemed that Matty lacked the hitting qualities, the temperament that has always been characteristic of a Giant leader. When Johnny Evers, the fiery trojan, was signed up by Giants as coach, McGraw announced, despite general belief to the contrary that Matty's status as assistant manager of the club would not be affected.

But since McGraw was suspended on the western trip, Evers has been doing most of the coaching and it is generally believed that the toga of clan leader will fall on his shoulders when McGraw tosses it off.

SHEBOYGAN PLANNING MONSTER HIGH SCHOOL

Appleton people are showing considerable interest in a window display of architectural photographs at the Sacker-Diderrich store. It consists of photographs of buildings in Appleton and vicinity, designed by Childs and Smith, Chicago. Lawrence Memorial chapel, Russell Sage dormitory and the First National bank are included.

A water color sketch of the new Sheboygan high school is of especial interest. When completed it is said that it will be one of the most elaborate buildings in the state. Considerable attention has been given to the exterior, which includes a stage in the tower for band purposes and for wireless. The plans also include an auditorium that will seat 1,800 people, in which there is a stage and pipe organ. There are four study halls, a large library, cafeteria, two gymnasiums, swimming pools, and ample locker and shower rooms. The group also comprises girls' and boys' vocational schools which share the equipment in common with the high school proper. The entire school plant represents an expenditure of a million dollars.

Miss Florence A. Rolfe has gone to Chilton, where today she will be bride-maid at the marriage of her cousin, Norman A. Pfeffer, and Miss Mell Jackson. The groom is grandson of Mrs. Pauly, Sherman Place.

PHI KAPPA AND DELTA IOTAS CLASH FOR TITLE

Phi Kappa and Delta Iota teams will play for the championship of the inter-fraternity baseball league at Lawrence field this week, either Tuesday or Wednesday afternoon. Both teams are undefeated, and have scored four straight victories.

The Delatas are picked as favorites in the championship contest, by the orchestra of Oshkosh.

their phenomenal playing in previous games. The team has scored 67 runs in four games, while opposing teams have been held to 7 runs. Whichever team wins the game, a dance is to be given by the Elston Stock company at Stephensville auditorium Wednesday evening. Music is to be furnished by Holzer orchestra of Oshkosh.

"Smile at Miles"

Safe from the Law and Dangers of the Road

THERE are two kinds of lens: one that gives you legal safety by reducing the strength of the useful light (often endangering driving)—and the crystal-clear, law abiding McKee Lens, that directs the full power of the light down on the road where you need it for safe driving.

The McKee saves all the light that is wasted by the ordinary window glass lens. The intense beam is concentrated and projected through the horizontal prisms close to the road bed for 600 feet ahead and 300 feet on the side. And not a ray of this brilliant beam can go above 60 inches from the ground to blind approaching motorists.

For your protection from the new law and for your own safety's sake equip your car with the McKee Lens. Now is the time to get the McKee. Delay is unprofitable.
